Wetlands: Vital to the future of fish... and to the future of fishing.

Healthy fish populations depend on the quality of our waterways and the availability of good habitat.

Wetlands play an essential role in this. Ducks Unlimited Canada conserves wetland habitat – now and for the future.

YAMAHA PRESENTS THE WORLD'S FIRST 150HP FOUR-STROKE OUTBOARD.

YAMAHA 4-STROKES
2.5 - 225HP

THE HARDEST THING IS DECIDING WHERE TO PUT IT.

Well, obviously, you put it on the back of your boat. The question is, which boat? The new Yamaha F150 is the perfect four stroke outboard power for everything from pleasure boats, deck boats and pontoons to deep V's and offshore craft. Sure, it's whisper-quiet, fuel-efficient and clean-burning – not to mention compact and lightweight. It even meets Federal EPA 2006 emission standards and CARB 2008 three-star requirements. Now add the kick of our powerful in-line 4-cylinder 16-valve double overhead cam, and you've got all the advantages of a four stroke with the knock-your-socks-off speed and acceleration of a corresponding V6 two stroke. The versatile F150 is the latest addition to Yamaha's family of exceptionally reliable Four Strokes ranging from 2.5hp to 225hp. But it's the first 150-horse EFI four stroke outboard in existence. Which makes it one of a kind.

THE WORLD'S LARGEST OUTBOARD MANUFACTURER

www.yamaha-motor.ca

REMEMBER to always observe all applicable boating laws. Never drink and drive. Dress properly with a Canadian Coast Guard approved personal flotation device and protective gear.

YAMAHA

A Message from
THE GOVERNMENT
of ONTARIO

Angling is a favourite pastime for millions of Ontario residents and visitors to the province. The range of fishing opportunities available here is the envy of the world.

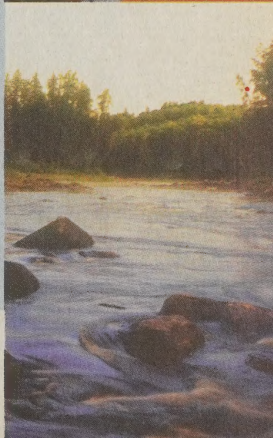

Ontario has been blessed with over 250,000 inland lakes and numerous streams and rivers. They offer the chance for an angling experience that ranges from fly-fishing and down-rigging to casting from a dock or ice fishing. Anglers can pursue challenging species such as muskie or pike, tasty trout or walleye and abundant panfish such as rock bass.

While some anglers believe the best fishing is to be found in remote lakes, there are terrific opportunities in Ontario's urban areas. As part of an effort to promote urban fishing, the province has stocked about 90,000 catchable size rainbow trout near metropolitan centres and will undertake additional stocking in 2004.

The province's healthy and vibrant fishery depends upon plentiful habitat, careful management and environmental awareness. Everyone who fishes can help to ensure that future generations enjoy this resource by supporting conservation efforts in the local community and across the province.

Recreational anglers make a significant contribution to the protection of the province's fish and wildlife resources through their licence fees and by volunteering their time to enhance and restore habitat.

We can all do our part to keep the province's recreational fishery healthy and sustainable. Please read the summary, follow the regulations and share your love of fishing. We owe it to future generations.

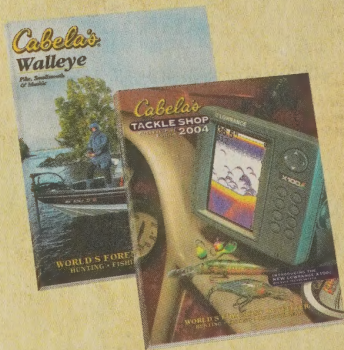

Outfitting you for seasons of success

Whether you're in the field or on the water we'll outfit you for a successful experience.

At Cabela's, we know taking care of the details is the best way to make sure your trips to woods and waters produce big memories. That's why we offer an incredibly comprehensive selection of hunting, fishing, camping and outdoor gear. All backed by our 100% Satisfaction Guarantee. Call today for a free catalog, shop online or visit one of our retail stores. Shop the selection of the World's Foremost Outfitter® and enjoy your time afield and afloat.

Get Out There

Find your own space at North America's top environmental and natural resources school.

At Fleming College's School of Environmental and Natural Resource Sciences, you get real-life learning in the right environment: out in the field, in labs, or using the latest technology. Our school offers more than 20 diploma, post-diploma, and degree-granting programs – in areas of study from Fish and Wildlife, to Environmental Assessment and Management, to Geomatics and GIS and Earth Sciences.

Explore.

Get a jump start on emerging fields in the environment and technology. Located in the renowned Kawartha Lakes region, our school offers lots of time to explore. With the largest range of programs in environmental education, you can investigate your options with a flexible common first semester.

Lead.

Get ahead with our school's 35-year, winning reputation. Take advantage of our new Environmental Technology Wing, "the building that students learn in and from." As Canada's most environmentally sound commercial building, this \$16 million facility includes living laboratories for research and instruction, a 180-seat computer commons, biodiversity lab, and geomatics laboratories.

Follow Through.

Realize your best potential. Check out www.flemingc.on.ca. Call 1-866-FLEMING (353-6464) or e-mail info@flemingc.on.ca to arrange a campus tour.

HOW TO USE THIS SUMMARY

To help you quickly find the fishing information you need, we have divided Ontario into five regions, labeled A, B, C, D and E (below). All information for a region is grouped together.

Each region is broken into fishing divisions. The General Regulations for each division are found in the Division/Species Table following the regional map. Once you have read the General Regulations, be sure to check for any Exceptions to the General Regulations which may apply to the waterbody you will be fishing.

Many regions feature additional fishing opportunities that you won't want to miss. These special opportunities are listed as Additional Fishing Opportunities following the regional map.

PLEASE NOTE THAT NEW REGULATIONS AND CHANGES FOR THIS YEAR ARE PRINTED IN RED.

In order to ensure you are complying with the regulations, please follow these easy step-by-step directions.

1. Ensure that you have the right kind of fishing licence (pages 1-4).
2. Understand and comply at all times with the General Fishing Regulations (pages 5-12)
3. Refer to the area map in the region where you plan to fish:
Southwestern OntarioMap APage 15
Southeastern Ontario.....Map B.....Page 25
Central Ontario.....Map C.....Page 36
Northeastern OntarioMap DPage 53
Northwestern Ontario.....Map E.....Page 73
4. Determine which division you plan to fish in.
5. Once you have determined the division you plan to fish in and the species you wish to fish for, you **MUST**:
 - Refer to the Division/Species Table for that map area to ensure that you are:
 - fishing during an open season;
 - complying with the catch, possession, and size limits.
 - Check the "General Notes" and "Bait and Gear Restrictions" listed after the Division/Species Table.

AND

- Check the "Exceptions to the General Regulations" (following the Division/Species Table) for the body of water or general area in which you will be fishing and comply with the exceptions that are shown. Note: some waters are grouped with other waters that have the same regulatory exceptions. These will generally be listed under the largest or most significant water body.
6. If you are not sure whether you can fish at a certain time and place, or if you have any questions about the regulations, contact the local Ministry of Natural Resources office. See listings on pages 91 and 92.
 7. Also, don't forget to review the "Additional Fishing Opportunities" in each map area to make the most of your fishing experience.
 8. Non-residents fishing in the Border Waters area should refer to pages 78 and 79.

Stop

Ontario's waters are threatened by exotic species that can be spread unknowingly by anglers and boaters.

the

Invasion!

Eurasian Watermilfoil

Smelt

Zebra Mussel

To report sightings and get the latest information call the
Invading Species Hotline 1-800-563-7711

Anglers and Boaters - You Can Help

Inspect your boat, motor, trailer, and boating equipment (anchor, centreboards, rollers, axles) and remove any zebra mussels and other plants and animals that are visible before leaving any waterbody.

Drain water from the motor, livewell, bilge and transom wells while on land before leaving the waterbody.

Wash/dry your boat, tackle, downriggers, trailer, and other boating equipment to kill harmful species that were not visible at the boat launch. Some aquatic nuisance species can survive more than 2 weeks out of water so it is important to:

- **rinse** your boat and equipment that normally gets wet with hot tap water (greater than 40°C); or
- **spray** your boat and trailer with high pressure water (250 psi); or
- **dry** your boat and equipment for at least 5 days before transporting to another waterbody.

Empty your bait bucket on land before leaving any waterbody. Never release live bait into a waterbody, or release aquatic animals from one waterbody into another.

Learn how to identify zebra mussels and other exotic species. For more information call the Invading Species Hotline (1-800-563-7711) or visit www.invadingspecies.com. If you suspect a new infestation, report it to the Invading Species Hotline. This hotline is a partnership between the Ontario Ministry of Natural Resources and the Ontario Federation of Anglers and Hunters.

Recreational Fishing Licence Information for Residents of Ontario and Canada

Most Canadian residents need a licence to fish in Ontario. Fishing licences are sold by more than 2,000 licence issuers, with all sales revenue used to manage the resource. If you are fishing in Ontario for the first time, we welcome you and offer this information to guide you through the purchase of your first Outdoors Card and fishing licence tag. If your Outdoors Card has expired, don't wait — order your new card and licence tags today. (For information on non-resident licence requirements, see page 4).

What is an Outdoors Card?

An Outdoors Card is a plastic, wallet-sized, identification card to which your Ontario fishing licence tag is affixed. It acts as a durable carrier for your licence tag for three calendar years.

Is an Outdoors Card a fishing licence?

No. A complete and valid licence to fish consists of an Outdoors Card **plus** a fishing licence tag. If you do not have a current Outdoors Card, a temporary paper licence enables you to fish until you receive your Outdoors Card in the mail.

Who needs to purchase an Outdoors Card and Fishing Licence Tag to fish in Ontario?

Most Canadian residents need an Ontario-issued Outdoors Card and fishing licence tag to fish in Ontario if they are at least 18 years old but have not reached their 65th birthday.

Who does not need to purchase a Fishing Licence?

- Residents of Canada who are under 18 years of age or 65 years of age or older, and are in possession of their Birth Certificate.
- Disabled Canadian residents, if they are eligible for and in possession of EITHER:
 - a Canadian National Institute for the Blind National Identity Card; **OR**
 - an Ontario Ministry of Transportation disabled person parking permit.
- Canadian residents with intellectual, neurological or psychological impairments or developmental disabilities who are in possession of their Birth Certificate, **AND, who require the direct assistance of and are accompanied by another person while fishing** for reasons of:
 - needing assistance with the act of fishing as defined by the Fisheries Act; **OR**
 - lacking the intellectual capacity to comprehend the regulations pertaining to fishing.

Those who qualify to fish without purchasing a fishing licence as indicated above, may fish with the same catch and possession limits as holders of a Sport Fishing Licence Tag. Additionally, they have the same responsibilities as those who have purchased an Outdoors Card and Fishing Licence Tag and must abide by all regulations.

See page 2 for a definition of a resident of Canada.

Do Aboriginal people need an Outdoors Card?

Members of Ontario Aboriginal communities, having established aboriginal and treaty rights, do not require an Outdoors Card or Ontario fishing licence tag to take fish for personal use within their traditional or treaty territory.

Personal use is defined as for food, social or ceremonial purposes.

Individuals should be prepared to provide identification showing their community membership.

Members of Aboriginal communities fishing outside of their traditional or treaty areas must have a valid Ontario Outdoors Card and fishing licence tag.

How do I get an Outdoors Card if I have never had one before?

A resident of Canada who has never had an Outdoors Card may apply for an Outdoors Card to go fishing in one of several ways. The way you select depends on how soon you want to go fishing.

If you do not intend to go fishing right away, you can submit an Outdoors Card application and payment to the Outdoors Card Centre through the mail. You will receive the card and fishing licence tag you selected in approximately four to six weeks.

You can get an Outdoors Card application by calling **1-800-387-7011** from anywhere in Canada. The application will be mailed to you.

If you want to fish right away, the following temporary paper licences and Outdoors Card Applications are available from more than 2,000 licence issuers across the province:

- Resident Sport Fishing Licence;
- AND**
- Resident Conservation Fishing Licence (both licences include an Outdoors Card Application).

These temporary paper licences are effective immediately upon purchase and are valid for fishing until the end of the calendar year. The fee for either of these licences includes the cost of the three-year Outdoors Card. You will automatically be mailed the plastic three-year Outdoors Card bearing your one-year fishing licence tag by the end of the calendar year.

My Outdoors Card has expired. How do I renew it?

The date on which your Outdoors Card expires is shown on the front of your card (centre right). To avoid any lapse in your privileges, it is recommended that you renew your card as soon as you receive your renewal package. This package is automatically mailed to you in the fall of the year in which your card expires.

You may renew your Outdoors Card in any of five ways:

- in Canada, by connecting to the Internet at <http://outdoorscard.mnr.stores.gov.on.ca> and using your VISA or MasterCard. You will need your Outdoors Card number and date of birth to complete this transaction. Please allow two to three weeks for your card to reach you.
- in Canada, by using the toll-free automated telephone system and your VISA, MasterCard or American Express credit card. **This is the fastest and easiest way to renew.** Be sure to have your Outdoors Card number on hand when you call. Call **1-800-288-1155**. Please allow two to three weeks for delivery.

- in Ontario, at more than 60 ServiceOntario Kiosk locations. ServiceOntario Kiosks accept VISA, MasterCard and American Express transactions as well as bank debit cards. You will need your Outdoors Card number when you renew. Please allow two to three weeks for delivery.
- from anywhere in Canada, by mail, using the renewal package sent to you in the fall of the year in which your Outdoors Card expires. For the convenience of Outdoors Card holders, a renewal package is sent automatically so you can renew before your current card expires. Payment may be made by VISA, MasterCard, American Express, cheque or money order. You will receive your card four to six weeks after you submit your renewal application. If you have misplaced your package, call **1-800-387-7011** for a replacement.
- in Ontario, by purchasing a "Resident Sport Fishing Licence and Outdoors Card Application" **OR** a "Resident Conservation Fishing Licence and Outdoors Card Application" from a licence issuer. The fee for either of these includes the cost of the one-year fishing licence and the three-year Outdoors Card. You will automatically be mailed the plastic three-year Outdoors Card by the end of the calendar year.

I have a current Outdoors Card, but my licence tag has expired. How do I get a tag for this year?

One year fishing licence tags are available from more than 2,000 licence issuers across the province. Licences are often available from tourist outfitters' camps and lodges, summer camps, sporting goods stores or bait dealers. In smaller communities, they may be available at general stores or other retail establishments.

What is the definition of a resident of Ontario?

A resident of Ontario is defined as a person whose primary residence is in Ontario and who has lived in Ontario for a period of at least six consecutive months during the 12 months immediately before applying for a licence or using a licence.

What is the definition of a resident of Canada?

A resident of Canada is defined as a person whose primary residence is in Canada and who has lived in Canada for a period of at least six consecutive months during the 12 months immediately before applying for a licence or using a licence.

What types of fishing licence tags are available to residents of Ontario and Canada?

There are four licence tags offered to Ontario residents and Canadian residents, for the back of the Outdoors Card:

1. Three-year Resident Sport Fishing Licence Tag;
2. Three-year Resident Conservation Fishing Licence Tag;
3. One-year Resident Sport Fishing Licence Tag;
4. One-year Resident Conservation Fishing Licence Tag.

Purchasing a three-year fishing licence tag is the easiest way to maintain your fishing privileges for the term of your Outdoors Card.

The three-year fishing licence tag is available:

- when renewing your Outdoors Card using the toll-free renewal line (**1-800-288-1155**) and a VISA, MasterCard or American Express credit card;
- when renewing your Outdoors Card over the Internet (<http://outdoorscard.mnr.stores.gov.on.ca>) with a VISA or MasterCard;
- when renewing your Outdoors Card from a ServiceOntario Kiosk with a VISA, MasterCard or American Express credit card or debit card;
- when renewing your Outdoors Card with the pre-printed renewal application automatically sent to Outdoors Card holders when their card is about to expire;
- when applying for your Outdoors Card with a paper application obtained from the Outdoors Card Centre (1-800-387-7011).

NOTE: this three-year licence option does not apply to the "Resident Sport Fishing Licence and Outdoors Card Application" or the "Resident Conservation Licence and Outdoors Card Application," as these are one-year options only.

The one-year fishing licence tag is also available to the holder of an Outdoors Card. One-year tags expire on December 31 of the year for which they are valid. To maintain fishing privileges in the following year, the angler must purchase another one-year licence tag from a licence issuer.

FAST FACTS ABOUT ONTARIO FISHING LICENCES

- * Most Canadian residents need an **Outdoors Card** to fish in Ontario if they are at least 18 years old but have not reached their 65th birthday.
- If you have never had an Outdoors Card, you can request an application form be mailed to you by phoning the Outdoors Card Centre from anywhere in Canada at **1-800-387-7011**.
- Your Outdoors Card is good for three calendar years. You must have a **fishing licence tag** on the back of a plastic Outdoors Card or a "**Resident Fishing Licence and Outdoors Card Application**" in order to have a complete and valid licence for fishing.
- If you are a Canadian resident between 18 and 65 years of age and you want to fish in Ontario right away, you can buy a "**Resident Fishing Licence and Outdoors Card Application**" from one of more than 2,000 licence issuers across the province. This temporary paper licence is effective immediately and valid until December 31 of the year in which it was purchased.
- The fee for a temporary paper licence **includes** the cost of a three-year Outdoors Card.
- If your Outdoors Card will soon expire, or has already expired, the fastest and easiest way to **renew your Outdoors Card** is a three year renewal by credit card with a call to **1-800-288-1155**.
- Ontario Resident Hunters can also fish under the authority of their Outdoors Card (fishing/hunting version) with the appropriate fishing licence tag.
- If you do not live in Canada, you need a non-resident licence to fish in Ontario (see page 4).
- Get more **information on the Outdoors Card** by calling the Outdoors Card Centre at **1-800-387-7011**. This toll-free number works from all regions of Canada, from Monday to Friday, 8:30 a.m. to 5:00 p.m. (Eastern Time).

What is a Resident Sport Fishing Licence Tag?

For conservation reasons, fishing laws limit the number of fish an angler may catch or possess. The number depends on the type of licence the angler holds, the fish species, where the fish is caught and, in some cases, the size of the fish.

With a Resident Sport Fishing Licence Tag affixed to the Outdoors Card, the angler must follow the catch and possession limits as specified beside the "S" on the Division/Species Table following each regional map in this summary. The Resident Sport Fishing Licence Tag is for anglers who wish to have full catch and possession fishing privileges.

The Resident Sport Fishing Licence tag is available for three-year or for one-year periods.

What is a Resident Conservation Fishing Licence Tag?

For conservation reasons, fishing laws limit the number of fish an angler may catch or possess. The number depends on the type of licence the angler holds, the fish species, where the fish is caught and, in some cases, the size of the fish.

With a Resident Conservation Fishing Licence Tag affixed to the Outdoors Card, the angler observes a catch and possession limit that is lower (in most cases), than that of a Resident Sport Fishing Licence Tag holder.

Catch and possession limits are specified on the Division/Species Table following each regional map in this summary. The limit for the angler with a Conservation licence is indicated with a "C."

The Resident Conservation Fishing Licence Tag is ideal for the angler who wishes to live release the majority of the fish caught, or in the case of certain species, all of the fish caught. The holder of a Resident Conservation Fishing Licence Tag must quickly and carefully live release all fish of the following species:

- muskellunge;
- Atlantic salmon;
- sturgeon; and,
- aurora trout.

The Resident Conservation Fishing Licence Tag is available for three-year or for one-year periods.

What is a Resident One-Day Fishing Licence?

Residents who wish to fish for one day only may take advantage of the Resident One-Day Fishing Licence. This licence might be the choice of someone going for a day's excursion on a charter boat.

Catch and possession limits for holders of the Resident One-Day Fishing Licence are specified beside the 'S' on the Division/Species Table following each regional map.

What should I do if my Outdoors Card is lost, stolen or destroyed?

If your Outdoors Card or any part of your licence is lost, stolen or destroyed, call the Outdoors Card Centre (1-800-387-7011) to arrange for a replacement. In some circumstances there may be a replacement fee.

Residents of Canada Fishing Licence Options

The one-year licence fees stated in this Summary are in effect until December 31, 2004. Three-year fees are subject to change after August 31, 2004. For the location of the licence issuer nearest you, contact the Ministry of Natural Resources. A list of Ministry of Natural Resources offices is provided on page 91 and 92.

Licence Type	Available From	Cost
Outdoors Card plus three-year Resident Sport Fishing Licence Tag.	By mail (new application or renewal), by phone (renewal only) at 1-800-288-1155, over the Internet (renewal only) at http://outdoorscard.mnr.stores.gov.on.ca or from a Service-Ontario Kiosk (renewal only).	\$72.00
Outdoors Card plus three-year Resident Conservation Fishing Licence Tag.	By mail (new application or renewal), by phone (renewal only) at 1-800-288-1155, over the Internet (renewal only) at http://outdoorscard.mnr.stores.gov.on.ca or from a Service-Ontario Kiosk (renewal only).	\$45.00
Resident Sport Fishing Licence (one-year) and Outdoors Card Application (Outdoors Card is included in this fee.).	2,000+ licence issuers throughout the province.	\$28.00

One-Day Fishing Licence.	Most licence issuers throughout the province.	\$10.00
Three-year Outdoors Card only (no licence tags). This Outdoors Card becomes a fishing licence only when a One-year licence tag (\$22.00 or \$13.00) is affixed.	By mail (new application or renewal), by phone (renewal only) at 1-800-288-1155, over the Internet (renewal only) at http://outdoorscard.mnr.stores.gov.on.ca or from a Service-Ontario Kiosk (renewal only).	\$6.00
One-year Resident Sport Fishing Licence Tag (for holders of a valid Outdoors Card).	2,000+ licence issuers throughout the province.	\$22.00
One-year Resident Conservation Fishing Licence Tag (for holders of a valid Outdoors Card).	2,000+ licence issuers throughout the province.	\$13.00
ONTARIO RESIDENTS ONLY: If you wish to both fish and hunt, you may apply for an Outdoors Card (hunting/fishing version) which provides for both privileges. Call the Outdoors Card Centre for complete details.	For information on this option call the Outdoors Card Centre: 1-800-387-7011 To renew your Outdoors Card (hunting/fishing version) with a credit card, call: 1-800-288-1155, or visit our Internet site at http://outdoorscard.mnr.stores.gov.on.ca	Various

How can I get more information about the Outdoors Card?

The staff at the Ministry of Natural Resources Outdoors Card Centre would be pleased to provide information and answer your questions.

You may reach the Outdoors Card Centre at **1-800-387-7011** toll free from anywhere in Canada.

The hours of operation of the Outdoors Card Centre are Monday to Friday from 8:30 a.m. to 5:00 p.m. (Eastern Time).

What else should I know about my Outdoors Card?

Here are other important things to keep in mind:

- you must notify the Ministry of Natural Resources of any address or name change within **10 days of the change**. You can do this by calling the Outdoors Card Centre at **1-800-387-7011** toll-free from anywhere in Canada; or by visiting our Internet site at: <http://outdoorscard.mnr.stores.gov.on.ca>; or at more than 60 ServiceOntario kiosk locations.
- **you must carry your Outdoors Card and fishing licence tag on your person whenever you are fishing.** If a Conservation Officer asks to see your Outdoors Card, the law states you must show it.
- your Outdoors Card is not transferable to another person - it provides privileges to you alone.
- you may legally apply for one Outdoors Card only. It is an offence to attempt to obtain more than one card. It is also an offence to provide false information on a card application.
- if you have applied for an Outdoors Card and have not received it in the stated timeframe, call the Outdoors Card Centre at 1-800-387-7011.

Recreational Fishing Licence Information for Non-Residents

I live outside of Canada. Do I need a licence to fish in Ontario?

Anyone who lives outside of Canada is considered a non-resident for the purposes of fishing licence regulations. Most non-residents need a fishing licence to fish in Ontario. Specifically:

- Non-residents 18 years of age and over must purchase a fishing licence.
- Non-residents under 18 years of age may fish without a licence if accompanied by an adult who has a recreational fishing licence. Any fish caught are part of the catch and possession limit of the adult who holds the licence. As another option, non-residents under 18 years may purchase a licence and any fish caught apply to the catch and possession limits of that licence.

Non-residents 65 years of age or older are not exempt from licencing.

Note: Non-residents camping on Crown lands in Northwestern Ontario must observe conservation licence limits in the following Fishing Divisions: 20, 21, 22, 22A, 24, 31, 33 and 34, except for in the border waters area (see page 72, 78 and 79).

Non-Resident Fishing Licence Options

The non-resident licence fees stated in this Summary are in effect until December 31, 2004. For the location of the licence issuer nearest you, contact the Ministry of Natural Resources. A list of Ministry of Natural Resources offices is provided on page 91 and 92.

Licence Type	Available From	Cost
Sport Fishing Licence – valid for the calendar year	2,000+ licence issuers throughout the province	\$61.00
Conservation Fishing Licence – valid for the calendar year	2,000+ licence issuers throughout the province	\$37.00
Seven-day Sport Fishing Licence	2,000+ licence issuers throughout the province	\$39.00
Seven-day Conservation Fishing Licence	2,000+ licence issuers throughout the province	\$23.00
One-Day Sport Fishing Licence (Great Lakes & connecting waters including Lake St. Clair, Rondeau Bay, St. Lawrence River and Lake St. Francis)	licence issuers located on the Great Lakes	\$16.00
Non-resident Angling Licence for a Member of an Organized Camp	Ministry of Natural Resources offices	\$4.00 per child
Lake St. Joseph tag	Lake St. Joseph tourist operator from whom accommodation is obtained	No charge

For non-resident groups of children (at least five people under the age of 18 years accompanied by a licensed adult) there is a special licence for Members of an Organized Camp. This licence is available from Ministry of Natural Resources offices (see pages 91 and 92).

Where can I purchase a non-resident fishing licence?

Non-resident anglers may purchase a fishing licence that is effective immediately at more than 2,000 locations throughout the province. Licences are often available from tourist outfitters' camps and lodges, summer camps, sporting goods stores or bait dealers. In smaller communities, they may be available at general stores or other retail establishments.

A range of licences is offered to suit individual needs.

Non-resident fishing licences are also available through the mail by calling the Ontario Ministry of Natural Resources at 1-800-667-1940.

Federal and Provincial Legislation

Both federal and provincial laws regulate fishing in Ontario. The main federal law with respect to fishing is the *Fisheries Act*, which protects and conserves fish and fish habitat. The *Fisheries Act* also regulates such things as fishing seasons, catch and possession limits, size limits, allowable gear and fish sanctuaries. The *Fish and Wildlife Conservation Act* is the main provincial law regulating fishing. Fishing licences are issued under this act.

The penalties for fishing offences can be up to \$1,000,000 or three years imprisonment, or both, depending on the Act and the severity of the offence.

Conservation Officers

Conservation Officers have powers of inspection, arrest, search and seizure under the various statutes they enforce, including the *Fish and Wildlife Conservation Act* and the *Fisheries Act*. When carrying out their duties, Conservation Officers may do the following:

- stop and inspect a vehicle, boat or aircraft;
- ask questions relevant to the inspection;
- inspect buildings or other places;
- search with a warrant;
- search without a warrant in circumstances requiring immediate action;
- seize items related to an offence;
- arrest anyone the Conservation Officer believes has committed, is committing, or is about to commit an offence.

Conservation Officers operate random "Fish Check Stations" throughout the year. At these stations, Conservation Officers collect information on fish caught by anglers and make sure the regulations are obeyed in order to manage and protect Ontario's fisheries resources.

Police Officers appointed under the *Police Services Act*, RCMP Officers, National Wildlife Officers, National Park Wardens and Conservation Officers at all border states and provinces are designated Conservation Officers in Ontario.

General Fishing Regulations

Definition of Angling

Angling means fishing with a line that is held in the hand or is attached to a rod that is held in the hand or closely attended, and to which one or more hooks are attached.

Open Seasons

Fishing season opening and closing dates vary depending on the species and the area. **It is illegal to attempt to catch fish for which the season is closed, even if you are going to release them.** Closed seasons protect fish at vulnerable times of the year, especially when they are spawning or protecting their young. Please see the Map Specific Regulations to determine the fishing seasons for waterbodies in Maps A, B, C, D and E.

Unless stated otherwise, species that are not listed (such as sucker and rock bass) have a year-round open season. Note: in some areas there are closures that apply to all species. Please refer to the Map Specific Regulations in the region where you plan to fish for information on closures.

Fish Sanctuaries

No fishing of any kind is permitted in a fish sanctuary. Some bodies of water, or parts of them, are declared fish sanctuaries during certain times of the year. Fish sanctuaries are noted in the "Exceptions to the General Regulations" following the Division/Species Tables for Maps A, B, C, D and E. Note also that fish sanctuary areas are not always marked with signs. If you are at all uncertain, check with the local MNR office before fishing.

Catch and Possession Limits

Fishery laws limit the number of fish you may catch or possess. The number depends on the type of licence you hold, the species, where they are caught and, in some cases, their size. **Note that for some species there are no limits. In these cases no reference will be made to a limit in this Fishing Summary.**

The **catch** limit is the number of fish you are allowed to catch and keep in one day. The **possession** limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified in this summary (see *Live Holding Boxes*, page 6).

If you catch a fish after reaching the daily catch and retain or possession limit for that species, the fish must be released immediately back to the water.

Shore Meals - Fish which are consumed as part of a shore lunch are also part of your daily catch limit.

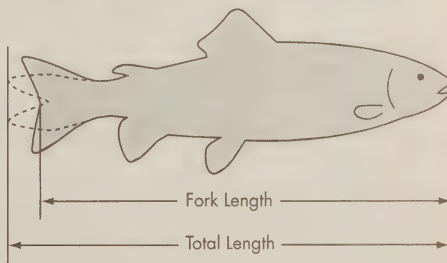

Where a lower limit is referenced in the "Exceptions to the General Regulations," the lower limit also applies to conservation licence holders, if the referenced lower limit is less than the conservation licence limit.

It is illegal to destroy, or to allow to spoil, fish which have been caught and which are suitable for food.

Size Limits

A variety of size restrictions apply to some species and waterbodies (see Map, A, B, C, D or E). Unless otherwise stated, size limits refer to **total length**, which is a measure from the tip of the mouth with the jaws closed to the tip of the tail, with the tail fin lobes compressed to give the maximum possible length.

For some waterbodies, the regulation may specify a size limit that is a **fork length**. **Fork length** is a measure from the tip of the mouth with the jaws closed to the central part of the tail fin. If you catch a fish in a restricted size range, you must release it immediately (see *Tips on Live Release of Fish*, page 9).

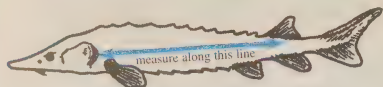

Provincial regulations are established using the metric system. The conversion to inches has been rounded to one decimal place for the convenience of anglers.

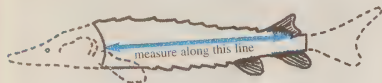

For the proper way to measure sturgeon, see next page.

MEASURING STURGEON LENGTH

Please note: sturgeon are measured differently from other species of fish.

With respect to sturgeon, length refers to the distance measured from the most posterior limit of the gill opening to the point where the posterior edge of the dorsal fin joins the flesh of the body.

If the head has been removed, the measurement is taken from the cut edge mid-way between the back and the belly of the fish to the point where the posterior edge of the dorsal fin joins the flesh of the body.

Exporting, Transporting or Storing Fish

Export of Sturgeon

An export permit called a "Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) Export Permit" is required to export any sturgeon (in whole or part) from Canada. For more information, contact closest MNR office (see pages 91 and 92).

Export of Fish

A recreational angler may, on leaving Ontario, take the designated possession limits for fish captured from a specific waterbody. Those with a Sport Fishing Licence may take the "S" possession limit and those with a Conservation Licence may take the "C" possession limit as noted in the Map Specific Regulations (see Catch and Possession Limits, page 5). Please also see the section on Bait, page 7.

Packaging Fish for Transport or Storage

When you are exporting, transporting or storing fish, you must ensure that the fish can be easily identified and counted. Where length limits apply, you must also ensure that the length of the fish can be determined except as described in Packaging Fish for Transport or Storage (see opposite).

Transfer of Live Fish or Spawn

No live fish or live spawn may be transferred from one body of water to another without the authorization of the Ministry of Natural Resources.

Live Holding Boxes

If you use a live holding box or impounding device, it must be clearly marked with your name and address unless it forms part of or is attached to a boat. **Any fish in holding boxes are part of your limit.** Live holding boxes are not permitted in Div. 34 unless they form part of, or are attached to the boat.

PACKAGING FISH FOR TRANSPORT OR STORAGE

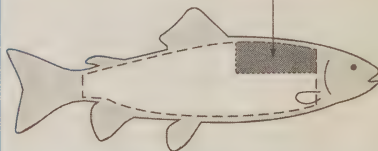

Many anglers travel long distances or cross international borders to enjoy the adventure of fishing in Ontario. We want to make sure that if you are packaging fish for the trip home, you are doing it according to regulations that help us monitor and enforce laws in place to protect fisheries resources.

1. Fish caught and retained may be gilled and gutted but **fish length must be readily measurable at all times for fish taken from waterbodies where size limits are in effect**, unless the fish:
 - are being prepared for immediate consumption;
 - are prepared at an overnight accommodation for storage;
 - are being transported on the water from a temporary overnight accommodation to that person's primary residence and that person is NOT engaged in sport fishing; or;
 - are being transported overland.
2. In addition, when packaging all fish for transport or storage, **anglers must ensure that a Conservation Officer can determine:**
 - the number of fish that you have;
 - the species that you have in your possession.

When Packaging Fish, Anglers Should:

- Leave a large patch of the skin on all fillets for identification;
- Pack or freeze fish separately and flat so that they can be counted and identified (clear plastic bags or clear plastic wrap is preferred).

Suggested location for patch of skin and scales

Refer to the Transporting Fish in Ontario Fact Sheet on the Let's Fish Ontario web site found at <http://www.mnr.gov.on.ca>

Gear Restrictions

Hooks and Lines

An angler may use only one line, except for ice fishing, or unless otherwise stated in the "Exceptions to the General Regulations."

A fishing line must not have more than four hooks. Where an artificial lure is used, each double or treble hook attached to it is considered to be one hook. In all other situations, a double hook counts as two hooks; and a treble hook counts as three hooks.

Be sure to take old fishing line to tackle shops for recycling.

Barbless Hooks

In most waters where barbless hooks are required, a line must have no more than one barbless hook attached to it. Usually this will be either a single, double or triple pointed hook. Any extra hooks must be removed from lures.

In some waters however, only one single pointed barbless hook is allowed. Check the "Exceptions to the General Regulations" following each map in this summary.

A barbless hook means a hook that was made without a barb or has had its barb either completely removed, or compressed so that it is completely in contact with the shaft of the hook.

Artificial Flies

An artificial fly means a single or double hook dressed with silk, tinsel, wool, fur, feathers or other such material. It does not include a weight or a spinning device. In the following waters, only artificial flies are allowed as bait:

- East Goulais River from Laughing Lake in Menard Twp. to the Goulais River (Div. 18);
- Garden River from Ranger Lake to Garden Lake (Div. 18); and
- Arrow River between the dam on Arrow Lake (Hardwick Twp.) and the Robbins/Hartington Township line (Div. 21).

Please check the "Exceptions to the General Regulations" for additional Gear Restrictions for specific waterbodies.

NOTE: It is illegal to use or possess lead fishing sinkers or jigs in Canada's national parks and wildlife areas. Further information is available from the following Environment Canada web site: <http://www.cws-scf.ec.gc.ca/fishing>

Ice Fishing

The fishing regulations outlined in the General Fishing Regulations, the Division/Species Tables, and the "Exceptions to the General Regulations" apply to ice fishing. Please note the following additional information:

- up to five lines may be used for ice fishing in Labyrinth Lake, including Waterhen Creek (Div. 19) downstream of Access Road bridge (Territorial District of Timiskaming);
- in most other circumstances, two lines may be used for ice fishing except in some waterbodies in Divs. 7, 15, 16 and 29 (see "Exceptions to the General Regulations"); and
- you may use a tip-up for ice fishing, but must remain within 60 m (197 ft.) of any line with which you are fishing. At all times, you must have a clear and unobstructed view of the lines being used.

Hut Registration

Ice fishing huts must be registered with the local MNR office if they are on any of the following waters:

- any part of Divs. 7, 8, 9, 10, 11, 12, 12A, 15, 16 (Georgian Bay including Colpoys Bay, Severn Sound and Owen Sound) & 29
- Lakes Couchiching, Simcoe, Puslinch, Nipissing, Temagami, Scugog, Timiskaming, Manitou (Div. 28) and Trout (in the city of North Bay);
- Chesley Lake (Bruce County, Div. 4);
- Long Point Bay on Lake Erie (Norfolk and Haldimand Counties) west of a line from the survey point at Turkey Point Marina to Pottohawk Point;
- the waters of Div. 18 lying north of Hwy. 17 in the Sudbury district; and
- the waters of Divs. 17, 18 & 23 lying in the Sault Ste. Marie district.

Contact the local MNR office for further information on ice fishing on these and other lakes.

Hut Removal Dates

Ice fishing huts must be removed by the following dates:

- **March 1** in Div. 8 and Lake Scugog (Div. 6);
- **March 15** in:
 - Chesley Lake (Bruce County, Div. 4);
 - Percy, Seymour, Cramahe, Brighton and Murray Twps. (Div. 6);
 - Div. 7 except that part in Cashel Twp.;
 - Div. 9 except Oso, Olden, Kennebec and Kaladar Twps.;
 - Divs. 10 & 11;
 - Div. 12 waters lying south of a line running east/west through the intersection of Hwy. 17 and Hwy. 533;
 - Div. 12A;
 - Tudor Twp. (Div. 15);
 - Lake Simcoe;
 - the part of Long Point Bay on Lake Erie (Norfolk and Haldimand Counties) that lies west of a line drawn from the survey point at Turkey Point Marina to Pottohawk Point;
 - the part of Div. 4 in Simcoe and Dufferin Counties; and
 - Div. 16 (Georgian Bay, including Colpoys Bay, Severn Sound and Owen Sound).
- **March 31** in:
 - Lake Temagami (Div. 26);
 - Lake Nipissing (Div. 27);
 - Lake Manitou (Div. 28);
 - Waters south of, and including the French and Mattawa Rivers (except where earlier dates are listed); Trout Lake (North Bay, Div. 18); the waters of Div. 18 lying north of Hwy. 17 in the Sudbury district; and the waters of Divs. 17, 18 & 23 lying in the Sault Ste. Marie district.

Bait

Use of Bait

Bait-fish

In most areas of Ontario, only the following fish may be used as bait-fish:

- Mudminnow family;
- Sucker family;
- Stickleback family;
- Lake herring of the whitefish family;
- Darter subfamily;

- Trout-perch family;
- Sculpin family;
- Minnow family except carp and goldfish; and
- Crayfish.

In the Great Lakes, the St. Clair, Detroit, Niagara, St. Lawrence and St. Mary's rivers, Lake George, Lake St. Francis and Munuscong Lake, alewife and yellow perch may also be used as bait.

Note: The use or possession of live fish for bait is not allowed in certain waters (see "Bait Restrictions" (pages 30, 56 and 80) and the "Exceptions to the General Regulations" for waterbodies where the use or possession of bait is prohibited, or contact your local MNR office for details, pages 91 and 92).

Other Types of Bait

Leeches, worms, northern leopard frogs and other frog species, except bullfrogs and specially protected amphibians, may be used as bait. For a list of specially protected frog species, see the section on frogs under *Capture of Bait by Anglers*, below.

NOTE: Salamanders may **NOT** be used as bait in Ontario. Artificial salamander lures may be used.

Capture of Bait by Anglers

NOTE: It is illegal to sell angler-caught bait-fish, crayfish, leeches, frogs or spawn. Only holders of commercial bait licences may sell these types of bait.

Bait-fish

Only **resident** anglers with a valid fishing licence may capture their own bait-fish for personal use, using a bait-fish trap or dip net, subject to the following restrictions:

- **resident** anglers who catch their own bait-fish for personal use, may have no more than 120 bait-fish caught under the authority of a recreational fishing licence in their possession at any time.
- any live holding box must be clearly marked with the name and address of the user (does not include bait-buckets).

NOTE: Non-resident anglers cannot take bait-fish for personal use by any means.

Bait-traps

- To catch bait, **resident** anglers may use only one bait-fish trap (no more than 51 cm (20 in.) long and 31 cm (12.2 in.) wide), and it must be clearly marked with their name. A trap can be used day or night at any time of the year in all divisions, except Divisions 13 and 23 (see the "Exceptions to the General Regulations" for additional restrictions).
- Please check your trap on a regular basis to avoid wasting fish.

Dip Nets

- To catch bait, **resident** anglers may use only one dip net. It must be no more than 183 cm (6 ft.) on each side if square, or 183 cm (6 ft.) across if circular.
- Dip nets may only be used during **daylight hours** (after sunrise and before sunset).
- A dip net may be used in all divisions, except Division 13.

Leeches

Only **resident** anglers with a valid fishing licence may capture their own leeches for personal use, subject to the following restrictions:

- **resident** anglers who catch their own leeches for personal use, may have no more than 120 leeches caught under the authority of a recreational fishing licence in their possession at any time.
- to catch leeches, anglers may use one leech trap (that does not exceed 45 cm (17.7 in.) in any dimension);
- traps must be clearly marked with the angler's name.

Frogs

Resident and non-resident anglers with a valid fishing licence may capture their own frogs for personal use, subject to the following conditions:

- recreational anglers who catch their own frogs for personal use under the authority of a recreational fishing licence may:
 - take up to 12 northern leopard frogs, or
 - one (1) of another species that is not a bullfrog or a specially protected frog (amphibian).
- Blanchard's cricket frog, Fowlers toad, and the gray treefrog are specially protected amphibians in Ontario and may not be captured or used as bait.

Worms

- There are no restrictions on the capture of worms for use as bait.
- Earthworms may be brought into Ontario from the continental United States for use as bait provided they are in clean bedding (not soil). For more information, visit www.cfia-acia.agr.ca or contact the Canadian Food Inspection Agency at 1-613-225-2342.

Import of Bait

- It is illegal to bring live fish, crayfish or salamanders into Ontario for use as bait.
- It is illegal to bring live leeches into Ontario for use as bait, unless you are the holder of a commercial bait licence.

Release of Bait

Release of bait-fish, crayfish or other types of live bait can seriously damage fish populations. Anglers must **NOT** release live bait into waters other than the waterbody where the bait was originally captured. (see *Stop the Invasion*, page iv).

Capture of Bullfrogs and Snapping Turtles

Holders of valid Fishing Licences may catch and retain bullfrogs for personal use from July 21 – Oct. 15; the possession limit is 10. No firearm other than a longbow or crossbow may be used to take bullfrogs. A person may hunt bullfrogs at night without a firearm and may shine a light for that purpose.

Bullfrogs may not be taken in the City of Ottawa (formerly the Regional Municipality of Ottawa-Carleton), the Counties of Prescott and Russell, Stormont, Dundas and Glengarry, Leeds and Grenville, Lanark, Frontenac, Lennox and Addington, Prince Edward, Northumberland, Peterborough, the City of Kawartha Lakes, or in the County of Hastings south of, and including, the townships of Marmora and Lake, Tudor and Cashel, Elzevir and Grimsthorpe.

Holders of valid Fishing Licences may catch and retain snapping turtles during open seasons. For details on harvest areas, season dates and catch and possession limits, see the Ontario Hunting Regulations Summary under Game Amphibians and Reptiles or contact your local MNR office.

Snapping turtles may only be captured by hand or by means of a box or funnel trap that does not injure or kill the turtle. The upper shell of a snapping turtle may not be removed from the carcass until immediately before it is prepared for consumption.

Please note it is illegal to take bullfrogs, northern leopard frogs, green frogs or snapping turtles from provincial parks.

Tips on Live Release of Fish

Using proper handling and release techniques improves fish survival, helps maintain a healthy fishery and identifies you as a conservationist. Here are some tips for successful catch-and-release:

Angling

- Use barbless hooks; avoid using live or organic bait.
- Reduce the time a fish is played.

Handling

- Keep the fish in the water as much as possible and handle the fish gently.
- Reduce handling that removes the slimy protective coating on fish.
- Do not squeeze or touch the gills. Grasp the fish just behind the gill covers. For panfish and bass, it is best to grasp the fish by the lower lip.
- Use long-nose pliers to remove the hook quickly without tearing or injuring the fish. If the fish is hooked deeply, cut the line and leave the hook in when the fish is released.
- Never put a fish that you may release on a stringer, use a functional livewell or release the fish immediately.

Remember that all fish kept (in a livewell, on a stringer, etc.) and not immediately released count towards your daily catch and retain or possession limit.

Photographing

- Be ready ahead of time! Take pictures quickly, minimizing the amount of time the fish is out of the water.
- Hold the fish in a horizontal position, supporting its weight with your arm and hands. Do not hold large fish in a vertical position.

Releasing

- Revive the fish before letting it go. Hold the fish upright in a swimming position in the water, moving the fish slowly forward and backward so water runs through the gills.
- Ensure the fish is breathing and can swim away under its own power before it is released.

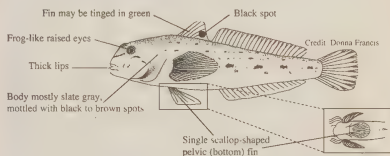

Remember: "The Future of Fishing is in Your Hands."

The Round Goby

The round goby may pose a serious threat to North American aquatic ecosystems, with potential impacts on recreational and commercial fishing. Since its discovery in the St. Clair River in 1990, this bottom-dwelling fish has rapidly spread to many areas of the Great Lakes. Once established, populations typically increase quickly. The round goby can displace native fish, eat their eggs and young, take over optimal habitat, spawn multiple times a season, and survive in poor quality water — giving them a competitive advantage.

Anglers, commercial fishermen, and fishery professionals should know how to identify the round goby. Often, anglers are the first to discover round gobies because these aggressive fish are commonly caught by hook and line. Your help to report new sightings and to prevent their spread is vital.

Use the following diagram to learn how to identify round goby.

What you can do

- Never use gobies as bait.
It is against the law.
- Always dispose of your unwanted bait on land or in the trash.

Never dump your bait bucket into a waterbody.

- If you catch a round goby
Do not throw it back alive!

For more information or to report a sighting call the Invading Species Hotline (1-800-563-7711) or your local MNR office.

IT IS ILLEGAL TO:

- catch or kill a fish by impaling or snagging it with a hook through any part of the body other than the mouth - any fish hooked in this way must be released immediately (see *Tips on Live Release of Fish*, page 9).
- fish with or possess a spring gaff;
- fish with or possess a baited or unbaited snagger for use in fishing;
- fish with or possess a snare for use in fishing;
- fish with a spear gun or possess a spear gun for the purpose of fishing;
- possess a spear for the purpose of fishing on or within 30 m (98.2 ft.) of the edge of any waters except when fishing in accordance with the regulations in the following tables;
- use artificial lights to attract fish except:
 - to fish for smelt, or to fish for lake whitefish or lake herring with a dip net;
 - if the light is part of a lure attached to a line used in angling;
- use dynamite or other explosives to take or destroy fish;
- fish within 25 m (81.8 ft.) of a pound net or fish culture cage;
- fish within 22.9 m (75 ft.) downstream from the lower entrance to any fishway or canal, obstacle, or any device designed to assist fish around an obstacle;
- use or possess a landing net with a frame greater than 127 cm (50 in.) in circumference, or a handle longer than 51 cm (20 in.) in the following waters or their tributaries: Pretty River; Batteaux River; Silver Creek in the Counties of Simcoe and Grey, Division 4.

Non-Angling Methods of Capturing Fish

Anyone with a valid Resident Fishing Licence may fish using angling gear, one dip net, one seine, bow and arrow or spear. Opportunities and restrictions on non-angling activities are outlined in the following tables. Licence holders may also obtain, without charge from MNR offices, the permit required to dip net for pink salmon, whitefish and herring in specified areas of the province.

Persons with a valid Non-Resident Fishing Licence may fish with a single dip net or seine net for smelt, and a bow and arrow for carp, sucker and coarse fish under the conditions outlined below.

Coarse fish includes: gar family, bowfin, catfish family, burbot, eel, freshwater drum or sheepshead.

Before fishing, check the Map Specific Regulations for the area and waterbody you will be fishing in for any exceptions or additional restrictions.

Unless the regulations specifically state otherwise, all fishing by means other than angling must be done after sunrise and before sunset (during daylight hours).

Species	Method of Capture	Open Season	Waters
Northern Pike	- bow and arrow - dip net - spear	March & April	Waters of Div. 1, Div. 2 excluding the waters of Lake Erie fronting Norfolk and Haldimand Counties, and Div. 3 excluding waters in the County of Essex and the waters in Note 1 (see page 12) and excluding those parts of the Thames, Sydenham & Ausable Rivers in Div. 3.
	- bow and arrow - dip net - spear	January, February, March & April	Waters in the County of Essex (Div. 3).
Smelt	- dip net - seine	March, April & May (day or night)	All waters except the following: Divisions 4, 6, 13, 22, 22A, 24, 30, and 31; those parts of the Thames, Sydenham & Ausable Rivers in Div. 3; the waters in Note 1 (see page 12) (Div. 3); those parts of the Thames and Ausable Rivers in Div. 4; waters in that part of the Regional Municipality of Durham in Div. 6; and all the streams and rivers in the Counties of Bruce and Grey (excluding waters in Div. 4 listed under "Additional Fishing Opportunities (page 18) for Rainbow and Brown trout"); the Trent River and the part of Peterborough County in Division 7.
Carp, Sucker & Coarse Fish	- dip net	March, April & May	All waters except Divisions 6, 13 and waters in Notes 1 & 2 (see page 12) of Divisions 3, 4 and 9.
	- bow and arrow	May 1 - July 15	Walkhouse Bay of Lake Huron (Robinson Twp.) and waters in Division 17.

continued

Non-Angling Methods of Capturing Fish

Unless the regulations specifically state otherwise, all fishing by means other than angling must be done after sunrise and before sunset (during daylight hours).

Species	Method of Capture	Open Season	Waters
Carp, Sucker & Coarse Fish cont.	- spear	April & May	All waters except the following: the waters of Lake Erie fronting Norfolk and Haldimand Counties (Div. 2), the waters of Lake Huron fronting the Counties of Lambton, Bruce and Huron (Div. 35), Divisions 3, 5, 6 and 13, waters in the Counties of Bruce, Dufferin, Grey & Simcoe (Div. 4), waters in the City of Toronto, in the Regional Municipalities of Peel and York, waters in Morrison Twp. (Div. 15), the Rideau River between Hog's Back Dam and the Ottawa River (Div. 9) and the waters of Georgian Bay fronting the Counties of Bruce & Grey (Div. 16).
	- spear	March & April	Div. 3 except waters in Note 1 (see page 12) and excluding those parts of the Thames, Sydenham and Ausable Rivers in Div. 3.
Carp & Sucker	- bow and arrow	May, June & July	Waters in Division 8; the St. Lawrence River, including Lake St. Francis (Divs. 11 and 12A); and the Ottawa River downstream from the Chaudière bridge fronting the City of Ottawa (formerly the Regional Municipality of Ottawa-Carleton) and the United Counties of Prescott & Russell (Div. 12).
Sucker & Coarse fish	- bow and arrow	March & April	Waters of Div. 1, Div. 2 excluding the waters of Lake Erie fronting the Norfolk and Haldimand Counties, Div. 3 excluding the waters in Note 1 (see page 12) and, the waters of that part of Div. 4 in the Counties of Brant, Oxford, Perth, and Wellington and the Regional Municipalities of Halton, Hamilton-Wentworth, and Waterloo and Div.35, excluding Walkhouse Bay of Lake Huron (Robinson Twp.).
Sucker	- bow and arrow	April & May	Division 19.
Carp, Sucker & Coarse Fish	- bow and arrow	May 1 - June 15	Divisions 1 and 2 except the following: the waters of Lake Erie fronting Norfolk and Haldimand Counties; the waters of Lake Ontario (Div. 8) fronting Haldimand and Hamilton Townships and the Municipality of Clarington, the City of Oshawa and the Town of Whitby and the waters of Walkhouse Bay of Lake Huron in Robinson Twp. (Div. 35).
			The County of Simcoe and the Holland River in the Regional Municipality of York (Div. 4); Division 5 except the Beaver River (also known as Beaverton River) and tributaries (Brock Twp.).
	- bow and arrow	May, June and July	Waters of Lake Ontario (Div. 8) fronting Haldimand and Hamilton Townships and the Municipality of Clarington, the City of Oshawa and the Town of Whitby.
	- bow and arrow	March 1 - June 15	Waters in the Counties of Brant, Oxford, Perth & Wellington and in the Regional Municipalities of Halton, Hamilton-Wentworth & Waterloo (Div. 4); Div. 3 except for waters in Note 1 (see page 12).
	- bow and arrow	May 1 - August 15	Waters in the County of Huron (Div. 4).

Non-Angling Methods of Capturing Fish

Species	Method of Capture	Open Season	Waters
Carp cont.	- bow and arrow	May 15 (Sat. after 2nd Fri.) to July 31	Division 6.
	- bow and arrow	June & July	Rideau River between the dam at Burritts Rapids and Lock 17 and the dam in the West Branch Rideau River at Long Island and Lock 16, including Kemptville Creek to County Road 43; waters in the Counties of Stormont, Dundas, Glengarry, Prescott and Russell (Div. 9).
Pink Salmon, Whitefish & Herring	- dip net	contact local MNR Office for details	All divisions.

Restrictions on Equipment (see page 8 for bait specific restrictions)

DIP NETS may be no more than 183 cm, (6 ft.) on each side if square, or 183 cm (6ft.) across if circular.

SEINES may be no more than 10 m (32.8 ft.) long and 2 m (6.5 ft.) high.

SPEAR - Fishing with a spear, or having a spear within 30 m (100 ft.) of the edge of a body of water, is illegal except in the circumstances noted above.

Note 1: The following waters are exceptions as noted in the table:

- waters in the Township of Delhi or the former Townships of Charlotteville and Windham;
- waters in the Township of Norfolk or the former Townships of Middleton, Houghton, North Walsingham & north of Concession 3 in the former township of South Walsingham (Div. 3);

- Young's Creek in the City of Nanticoke or the former Township of Woodhouse in Norfolk and Haldimand Counties (Div. 3);
- Grand River and tributaries downstream of Onadaga and Tuscarora Twps. (Div. 3);
- Grand River and tributaries downstream of the Onadaga and Tuscarora Twps. line to Lake Erie.

Note 2: The following waters are exceptions as noted in the table:

- the part of Division 6 within the Regional Municipality of Durham and all the streams and rivers in the Counties of Bruce and Grey (excluding waters in Division 4 listed under "Additional Fishing Opportunities" on pages 18 and 19);
- the Rideau River between Hog's Back Dam and the Ottawa River;
- the Thames, Sydenham and Ausable rivers.

The Abuse of Natural Resources. What Can You Do About It?

There is obviously a limit on the number of birds, animals, fish, and other resources that may be available for our use. If we take more than this limit, we threaten the sustainability of our resources.

MNR ensures that this does not happen by creating laws that make certain that natural resources are sustained for the future.

We know approximately 90 per cent of all anglers comply with the regulations.

However, people who break protection laws:

- Steal opportunities to harvest fish and game;
- Steal opportunities to enjoy the outdoors;
- Create negative images of resource use among the public.

How Can You Help Stop Resource Abuse?

- By not looking the other way;
- By not staying quiet;
- By "getting involved".

Crime Stoppers calls are all anonymous. Crime Stoppers does not subscribe to call display. Crime Stoppers pays cash rewards up to \$1,000.00.

Is there any reason to allow your natural resources to be stolen?

How can you stop resource abuse? By Calling

1-800-222-TIPS (8477)

By calling Crime Stoppers, you accept your responsibility to protect natural resources and the opportunity to enjoy them, for present and future resource users.

Safe Boating and Fishing

Safe Boating in Areas of Commercial Fishing

The commercial fishing industry in Ontario, which is primarily focused on the Great Lakes, harvests fish using trawls and a variety of stationary nets. All nets must be identified by means of buoys, stakes and markers which identify the owner of the net and the location of the beginning or end of the net. Besides these markers, there may be additional buoys (e.g. plastic or steel cans) that indicate intermediate portions of the net or anchor lines. Boaters should be aware that, because the length of some nets may exceed several thousand meters, it may not be possible to see both ends.

To ensure safe boating in areas where commercial fishing activity takes place, please consider the following:

- many retail and wholesale freshwater fish outlets can provide information regarding local net marking systems;
- many local yacht clubs, sailing clubs, power squadrons and marinas have information regarding commercial fishing activities in local waters. In some cases, detailed maps of fishing locations and specific markings may be available;
- report unmarked nets immediately to the closest Ministry of Natural Resources office;
- treat commercial fishing gear with the same caution as any other floating device, apparatus or debris;
- when a net marker is encountered it may not always be possible to observe which way the net runs under the water especially during summer months, when nets are usually set in cooler deeper water;
- lures and other sharp foreign objects stuck in commercial nets are hazards to commercial fishers;
- tampering with commercial fishing gear is dangerous to boaters and is an offence under the *Fisheries Act*;
- if your gear accidentally becomes entangled in a commercial net, contact the commercial operator immediately;
- **entanglement of cannonballs may present a serious and dangerous situation to boaters.** Cannonball anchors, if not released from the net immediately, can act like an anchor. If this occurs, the downrigger line should be cut immediately with wire cutters;
- boaters should recognize that maneuvering a trawler can be very difficult. Be aware that standard boating rules and regulations apply when encountering any large commercial fishing vessel.

If you have questions pertaining to Ontario's commercial fish industry, please call any local office of the Ministry of Natural Resources or contact the Ontario Commercial Fisheries' Association at (519) 676-0488.

Safe Boating and Fishing near Hydro-electrical Generating Stations and Dams

These areas can be dangerous. Boaters and anglers should avoid getting too close to the powerful surge of water from dams and spillways. To ensure safe boating and fishing in these areas, please:

- approach slowly and always wear a personal flotation device;
- watch for warning signs or barriers above or below dams and stay a safe distance away from them;
- stay clear of the "headpond" or "tailrace" water at dams and spillways. Water level and flow can change without warning. It can quickly swamp your boat and put you in the grip of an undertow;
- don't wade into moving water;
- stay sober. Drinking and driving a power vessel is just as dangerous and illegal as drinking and driving a car.

Laws to Help Stop the Spread of Exotic Species

Harmful exotic species are often spread unknowingly. As an angler or boater, you should always take precautions to help stop the spread of exotic species. You should also be aware that there are laws in place to help ensure that unauthorized introductions do not take place.

A licence is required to:

- stock fish into Ontario waters;
- ship or transport live fish other than bait-fish taken from a waterbody;
- transfer and deposit fish taken from one waterbody into another;
- import leeches into Ontario for use as bait. Only the holder of a commercial bait licence may bring live leeches into Ontario for use as bait.

It is illegal to:

- release bait-fish, including crayfish or any other live fish, except into the body of water from which they were taken. If you are not sure what lake or river they came from, do not release them;
- release aquarium fish into Ontario waters;
- import into Ontario for use as bait any live fish, live crayfish or live salamanders;
- possess a ruffe, except when transporting a dead specimen to an MNR office;
- use live smelt as bait or possess live or dead smelt while fishing in Division 22, 22A, 30, 31 and 32 in Northwestern Ontario.

Remember:

- take care when cleaning smelt. Do not rinse equipment or dump entrails into a lake or river. Fertilized smelt eggs can easily start an invasion of a new watershed;
- never release or flush aquarium pets, plants or water into natural waters, drainage ditches or sewers.

Aquarium Fish - many people release unwanted aquarium pets into natural waters. Not only is this activity illegal, it can harm the environment. Several exotic species of plants and animals have been introduced to the Great Lakes region by this practice. If you have an unwanted aquarium pet, you can return it to a local pet store, donate it to a school, or contact the **Fish Rescue Program at 1-800-563-7711** - it will be better for your pet and the environment.

Moving Live Fish - Many new populations of smallmouth bass, rock bass and other fish species have been established in Ontario through unauthorized stocking. These introductions are often conducted by individuals with good intentions of creating new recreational fisheries. However, this practice is illegal and can cause great harm to existing recreational, commercial and bait-fisheries. The negative impacts of these stocking activities often become widespread as the introduced species spreads to other lakes through connected waterways.

A licence is required for all fish transfers and stocking into Ontario waters.

By spreading the word and taking action against exotic species you will help conserve Ontario's healthy fisheries!

Youth

Employment

in natural resources

Come Join the Ministry of Natural Resources and Start Making a difference...

Last summer, more than 2300 young people chose jobs with the Ministry of Natural Resources Youth Employment Programs. They worked as Ontario Rangers, Ontario Stewardship Rangers, Interns, Summer Experience Program, Co-op and Ontario/Quebec Exchange Students.

Young people looking for jobs in 2004 may find opportunities in communities across Ontario, in one of Ontario's parks, or with one of our residential Ontario Ranger Camps. Their summer will be filled with adventure and unforgettable experiences.

Working with ministry staff and with many different partners such as Stewardship Councils, Conservation Authorities, private land owners and fish and game clubs, youth get a chance to learn hands-on about fisheries management in Ontario.

Examples of the kinds of things young people are doing include:

- Stream assessment and rehabilitation
- Brook trout surveys
- Assisting with walleye projects
- Garbage clean-up of lake and river access areas
- Fish hatchery work including tagging and moving fish, cleaning and maintaining walleye ponds
- Water sampling in rivers and lakes
- Fin Clipping

"I really enjoyed this project (cleaning Walleye ponds at White Lake Fish Hatchery).

As an avid angler, I was excited to help out with the project. It was really fun to see so many fish," Chris O'Conner, Ontario Stewardship Ranger, 2003.

If you know a young person who is looking for a job in 2004, please pass this information on to them.

You can find out more about MNR's Youth Employment Programs by visiting our website or calling us at 1-800-667-1940 (1840 for French).

Cleaning spawning debris in Manitoulin area of Blue Jay Creek - Killarney Ontario Rangers

Identifying, inventorying fish at the forks of the Credit Provincial Parks - Halton/Peel Ontario Stewardship Rangers

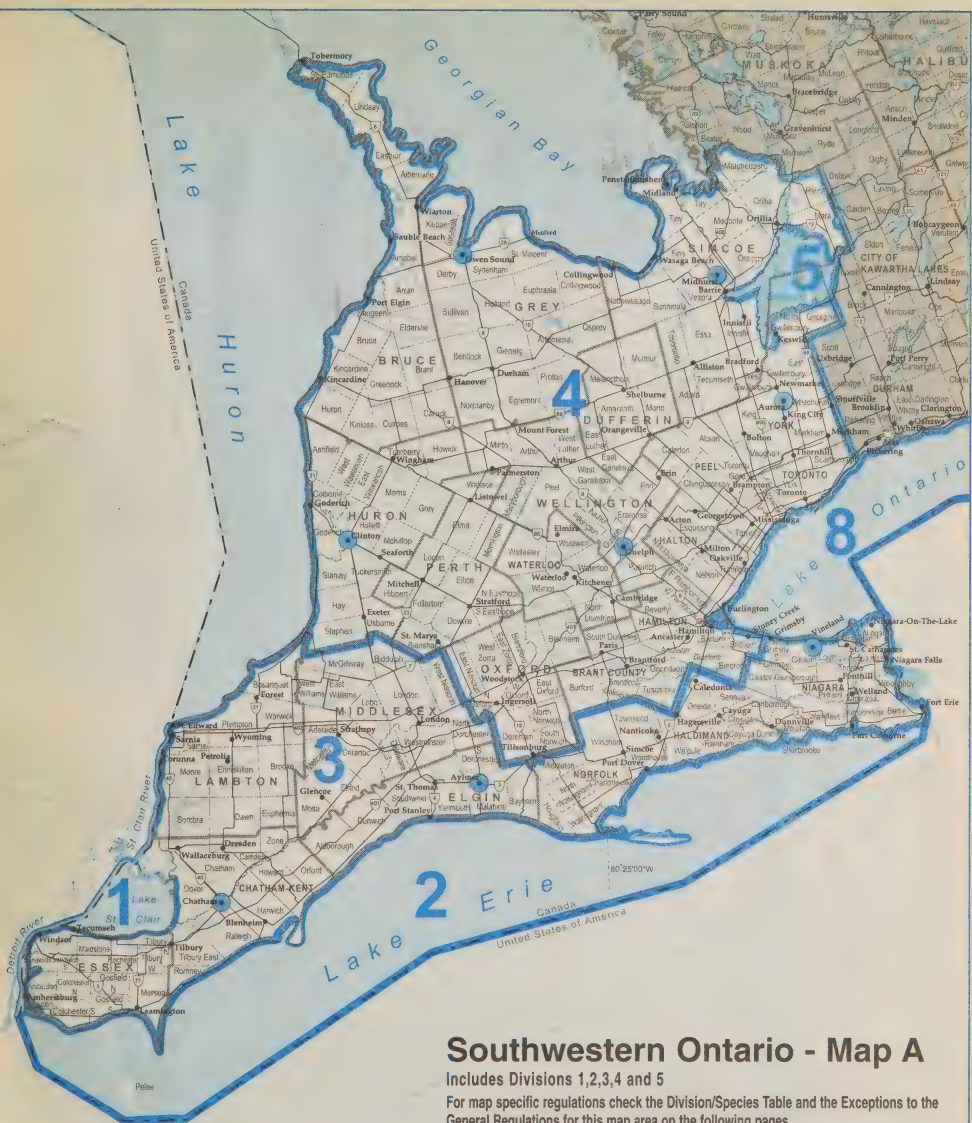

Collecting samples, identifying invertebrates and recording results during a stream assessment at Smith's Creek - Renfrew OSR's.

If you want to work, we want to help

*Note: Species NOT listed above (except for bait-fish) generally have a year round open season and no catch and possession limits although seasons and limits for other species *except Dec. 24 may be in place in some areas. Check in the "Exceptions to the General Regulations" or with the local MNR office. For information on bait-fish restrictions, see page 7*

Size Limits:

Unless otherwise stated, the length referred to is total length. (See page 5)
Size restrictions listed above apply to both Sport Fishing and Conservation licences.

Daily Catch and Possession Limits:

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of fish.

The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

Shore Meals - Fish caught that day and eaten are counted as part of your daily catch limit.

† Catch and Possession Limits for Salmon and Trout COMBINED (Not exceeding individual species limits where otherwise stated)

- Div. 1 (Lake St. Clair, St. Clair River and Detroit River) & Div. 2 (Lake Erie): five (5) salmon and trout in one day, but not more than three (3) may be lake trout, brook trout, and splake combined. In Lake Huron (Div. 35), not more than two (2) may be rainbow trout.
- Divs. 3, 4, & 5: five (5) salmon and trout in one day, but not more than two (2) may be lake trout. Divs. 3 & 4, see General Areas Exceptions for rainbow trout in tributaries to Lake Huron and Georgian Bay and lake trout in tributaries to Lake Ontario.
- Two (2) in one day but not more than one (1) may be lake trout. Lake Huron (Div. 35) not more than one (1) rainbow trout. Divs. 3 & 4, see General Areas Exceptions for rainbow trout in tributaries to Lake Huron and Georgian Bay.

SOUTHWESTERN ONTARIO

General Notes

- The Talbot River and its tributaries and the Trent Canal System in Brock Twp., Durham Region and Ramara Twp., Simcoe County, are part of Div. 6.
- Sparrow Lake (Orillia and Morrison Twp.) is in Div. 4.
- The Niagara River upstream from Niagara Falls is in Div. 2.
- Severn River System in the Regional Municipality of Muskoka, including Gloucester Pool, is in Div. 4.
- Lake Simcoe is all of Div. 5. See exceptions for cisco (lake herring) season and limits.
- The Detroit River and St. Clair River are in Div. 1.

Additional Fishing Opportunities

Year-round Open Season

Location	Div.
Rainbow and Brown Trout	
Ausable River - Bosanquet Twp. from Hwy. 21 bridge to Lake Huron at Port Franks (known as "The Cut"), (Lambton County).	3
Bayfield River - Goderich and Stanley Twp. from Hwy. 21 to Lake Huron (Huron County).	4
Big Creek - Delhi and Norfolk Twp. from Regional Road 21 to Long Point Bay of Lake Erie.	3
Bighead River - Town of Meaford from the Hwy. 26 bridge to Nottawasaga Bay (Georgian Bay) (Grey County).	4
Black Creek - City of Nanticoke from Hwy. 3 to Lake Erie.	3
Bronte Creek - Town of Oakville from Hwy. 2 to Lake Ontario.	4
Coldwater River - from County Road 19 downstream (north) to Georgian Bay (Simcoe County).	4
Credit River and tributaries - City of Mississauga from the south side of the Queen Elizabeth Way bridge downstream to Lake Ontario and from the north side of the Dundas St. bridge upstream to the south side of the Hwy. 403 bridge.	4
Fifteen Mile Creek - City of St. Catharines and town of Lincoln between the Queen Elizabeth Way and Lake Ontario.	3
Forty Mile Creek - Town of Grimsby between the Queen Elizabeth Way and Lake Ontario.	3
Grindstone Creek - City of Burlington from Hwy. 2 (Plains Road) to Hamilton Harbour of Lake Ontario - Regional Municipalities of Hamilton-Wentworth and Halton.	4
Humber River - City of Toronto between Eglinton Ave. and Lake Ontario.	4
Lynn River - Town of Port Dover and the City of Nanticoke from the Misner Dam to Lake Erie.	3
Maitland River - Colborne Twp. and the Town of Goderich from Hwy. 21 to Lake Huron (Huron County).	4
North Thames River (main branch only) - Middlesex County.	3
Nottawasaga River - from the Boyne River downstream (north) to Georgian Bay.	4

Location	Div.
Rainbow and Brown Trout (continued)	
Oakville Creek (Sixteen Mile Creek) - Town of Oakville from Hwy. 2 to Lake Ontario.	4
Penetangore River - Town of Kincardine from Queen Street to Lake Huron (Bruce County).	4
Pottawatomi River - City of Owen Sound from the intersection of 15th Street West and 7th Avenue West to Georgian Bay (Grey County).	4
Rondeau Bay - Waters fronting Kent County.	3
Rouge River - City of Toronto between Hwy. 2 and Lake Ontario.	4
Sauble River - Amabel Twp., 440 m (1444 ft.) downstream from the lowest ledge of Sauble Falls to Lake Huron (Bruce County).	4
Saugeen River - Saugeen and Amabel Twp. from the cement abutments below Denny's Dam to Lake Huron (Bruce County).	4
Sixteen Mile Creek - Town of Lincoln between the Queen Elizabeth Way and Lake Ontario.	3
Spencer Creek - City of Hamilton from Hwy. 102 (Cootes Dr.) to Lake Ontario.	4
Sydenham River - City of Owen Sound from a point 177 m (581 ft.) downstream from the Mill Dam to Georgian Bay (Grey County).	4
Teller (Bothwell's) Creek - Sydenham Twp. from the bridge on County Road 15 to Georgian Bay (Grey County).	4
Thames River (main branch only) - Elgin County and Middlesex County.	3
Trout Pond of Waterford Ponds - City of Nanticoke.	3
Twelve Mile Creek - City of St. Catharines between Lakeport Road and Lake Ontario.	3
Twenty Mile Creek - Town of Lincoln between the Queen Elizabeth Way and Lake Ontario.	3
Young's (Ryse) Creek - City of Nanticoke formerly the Twp. of Woodhouse, from the downstream side of the lakeshore road bridge to the waters edge of Lake Erie at Port Ryse.	3

Year-round Open Season

Location	Div.	Location	Div.
Atlantic Salmon			
Regional Municipality of Niagara - all waters lying downstream of the Queen Elizabeth Way - minimum length of 63 cm (24.8 in.).	3	Bayfield River - Goderich and Stanley Twps. from Hwy. 21 to Lake Huron (Huron County).	4
Regional municipalities of Hamilton-Wentworth (including Hamilton Harbour), Halton, Peel and City of Toronto - all waters lying downstream of the Queen Elizabeth Way or Gardiner Expressway to Lake Ontario, excluding Highland Creek and the Rouge River - minimum length of 63 cm (24.8 in.).	4	Maitland River - Colborne Twp. and the Town of Goderich from Hwy. 21 to Lake Huron (Huron County).	4
Highland Creek - City of Toronto - downstream from the south side of the C.N.R. bridge to Lake Ontario - minimum length of 63 cm (24.8 in.).	4	Simcoe County - all waters.	4
Rouge River - City of Toronto - downstream from the south side of the C.N.R. bridge to Lake Ontario - minimum length of 63 cm (24.8 in.).	4	Walleye and Sauger	
Northern Pike		Bayfield River - Goderich and Stanley Twps. from Hwy. 21 to Lake Huron (Huron County).	4
Bayfield River - Goderich and Stanley Twps. from Hwy. 21 to Lake Huron (Huron County).	4	Maitland River - Colborne Twp. and the Town of Goderich from Hwy. 21 to Lake Huron (Huron County).	4
Maitland River - Colborne Twp. and the Town of Goderich from Hwy. 21 to Lake Huron (Huron County).	4	Whitefish	
		Bayfield River - Goderich and Stanley Twps. from Hwy. 21 to Lake Huron (Huron County).	4
		Maitland River - Colborne Twp. and the Town of Goderich from Hwy. 21 to Lake Huron (Huron County).	4

Extended Fall Season for Rainbow and Brown Trout

The normal open season [Apr. 24 (last Sat.) - Sept. 30] is extended to Apr. 24 (last Sat.) - Dec. 31 in:

Location	Div.	Location	Div.
Bayfield River - Goderich and Stanley Twps. from Hwy. 4 to Hwy. 21 (Huron County).	4	Little Otter Creek - East branch of Big Otter Creek, in Bayham Twp.	3
Beaver River - Collingwood Twp. from the Thornbury Dam to Georgian Bay (Grey County).	4	Little Sauble River - Bruce Twp. from Hwy. 21 to Lake Huron (Bruce County).	4
Big Creek - south of the Quance Dam to Regional Road 21 at Lynedoch.	3	Maitland River - Colborne, Goderich, Tumberry, East and West Wawanosh Twps. between County Road 4 and Hwy. 21 (Huron County).	4
Bighead River - St. Vincent Twp. (Grey County).	4	Nine Mile (Lucknow) River - Ashfield and West Wawanosh Twps. between County Road 86 and Lake Huron (Huron County).	4
Big Otter Creek - Bayham Twp. (Elgin County).	3	North Creek - Middleton Twp. - downstream of Hwy. 3.	3
Bronte Creek - Town of Oakville between Hwy. 5 and the unopened road allowance at Rebecca Street.	4	North River - Matchedash Twp. from MacLaughlins Falls to Matchedash Bay (Georgian Bay) (Simcoe County).	4
Grand River - from 25 m (82 ft.) downstream of Wilkes Dam in the city of Brantford, downstream to the edge of Lake Erie (see Exceptions for catch and possession limits).	3 & 4	Sauble River - Amabel Twp. from Sauble Falls to Lake Huron (Bruce County).	4
Grand River - between Paris and Brantford from a line across the Grand River in Paris at 100 m (328 ft.) downstream of the Hwy. 2 bridge downstream to the pedestrian and service bridge that crosses the Grand River on an angle upstream (west) of the Brant Conservation Area in the City of Brantford.	4	Saugeen River - Arran, Amabel, Brant, Elderslie and Saugeen Twps. and in the Town of Walkerton and the Village of Paisley, between the Truxax Dam (Walkerton) and the westerly edge of the abutments of Denny's Dam. (Bruce County).	4
NOTE: catch and release only.		Sturgeon River and tributaries - Tay and Oro-Medonte Twps. (Simcoe County) - including the mouth of the Sturgeon River at Georgian Bay.	4
Hog Creek - Tay Twp. from the C.P.R. bridge (Lot 9, Conc. 6) downstream (north) to Georgian Bay (Simcoe County).	4	Young's (Ryerse) Creek - Twp. of Delhi and the City of Nanticoke, from the mill dam on Lot 23, Conc. III, Charlotteville Twp., to Lake Erie.	3
Humber River - City of Toronto between Eglinton Ave. and Steeles Ave.	4		

Exceptions to the General Regulations (Southwestern Ontario)

ALL DATES INCLUSIVE

General Areas of Southwestern Ontario (Map A)	Div.	Exceptions
All of the rivers and streams and their watersheds in the Twp. of Bosanquet and those portions of Sania, Plympton, and Warwick Twp. north of Hwy. #402 in Lambton County; and in Middlesex County including the entire Twp. of West Williams, East Williams and McGillicray.	3	Rainbow trout catch and possession limit of two (2), Conservation Licence limit of one (1).
All of the rivers and streams and their watersheds flowing into Lake Huron and Georgian Bay in Bruce, Dufferin, Grey, Huron, Perth and Simcoe counties.	4	Rainbow trout catch and possession limit of two (2), Conservation Licence limit of one (1).
All tributaries of Lake Ontario.	3 & 4	Atlantic salmon minimum length of 63 cm (24.8 in). Lake trout catch and possession limit of three (3).
All tributaries of Lake Ontario lying upstream of the Queen Elizabeth Way or Gardiner Expressway in the regional municipalities of Niagara, Hamilton-Wentworth (excluding Hamilton Harbour), Halton, Peel, York, Westinghouse County and the City of Toronto excluding Highland Creek and the Rouge River.	3 & 4	Atlantic salmon closed all year.

Pretty River and tributaries - Town of Collingwood and Nottawasaga Twp.	4	Fish sanctuary - no fishing from Jan. 1 - Apr. 23 (Fri. before last Sat.) & Oct. 1 - Dec. 31.
Pretty River and tributaries - Collingwood and Osprey Twp.s.	4	Rainbow trout open from June 1 - Sept. 30.
Rouge River - City of Toronto - upstream of the south side of the C.N.R. bridge.	4	Atlantic salmon closed all year.
Sangs Creek and tributaries - Arman Twp.	4	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 31.
Saugeen River - Amabel and Saugeen Twp.s., Denny's Dam to the concrete abutments downstream.	4	Fish sanctuary - closed to night fishing Oct. 1 - Oct. 31 (one-half hour after sunset to one-half hour before sunrise).
Saugeen River - Brant Twp., from dam face of Maple Hill Dam to 300 m (984 ft) downstream including Hydro Electric Power Channel.	4	Fish sanctuary - closed all year.
Severn River - Severn Twp.	4	Fish sanctuary - no fishing from Apr. 1 - May 7 (Fri. before 2nd Sat.).
Sheldon Creek and tributaries upstream (west) of County Road #50.	4	Salmon (all species) open from Apr. 24 (last Sat.) - Sept. 30.
Silver Creek and tributaries - Town of Collingwood and Nottawasaga Twp.	4	Fish sanctuary - no fishing from Jan. 1 - Apr. 23 (Fri. before last Sat.).
Silver Creek and tributaries - Town of Collingwood, Collingwood and Nottawasaga Twp.s.	4	Rainbow trout open from June 1 - Sept. 30.
Spencer Creek (Valen's Reservoir) - Flamborough Twp.	4	Fish sanctuary - no fishing from Apr. 1 - June 25 (Fri. before last Sat.).
St. Clair River upstream to the north span of the Bluewater Bridge.	1	Walleye catch and possession limit of six (6), only one (1) greater than 46 cm (18.1 in.) in length, Conservation licence limit of two (2), only one (1) greater than 46 cm (18.1 in.) in length.
Stoney Creek - Delhi Twp., south of Hwy. 3 to Big Creek.	3	Fish sanctuary - no fishing from Jan. 1 - Apr. 23 (Fri. before last Sat.).
Sturgeon River - Tay and Oro-Medonte Twp.s. upstream (south) of the lamprey barrier.	4	Fish sanctuary - no fishing from Jan. 1 - Apr. 23 (Fri. before last Sat.).
Sydenham River - Artificial Spawning Channels Nos. 1 and 2 - Derby Twp.	4	Fish sanctuary - closed all year.
Sydenham River - City of Owen Sound and Derby Twp., from Inglis Falls to Mill Dam, excluding Artificial Spawning Channels Nos. 1 and 2.	4	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 31.

Sydenham River - City of Owen Sound and Derby Twp., from the base of Inglis Falls downstream to a line drawn due east from the north end of the Chinese or Rainbow Bridge to the permanent steel post marker affixed to the shore in Harrison Park.	4	Fish sanctuary - no fishing from Sept. 1 - Sept. 30.
Sydenham River - City of Owen Sound, from the Mill Dam to a point 177 m (581 ft) downstream.	4	Fish sanctuary - closed all year.
Teller (Bothwell's) Creek - Sydenham Twp. (Grey County).	4	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 31.
Thames River - Elgin, Kent, and Middlesex Counties; Chatham to Middlesmiss Bridge.	3	Fish sanctuary - no fishing from Mar. 15 - Apr. 15.
Thames River and its tributaries - from the waters edge of Lake St. Clair to the Springbank Park Dam in the City of London.	3	Walleye catch and possession limit of six (6), only one (1) greater than 46 cm (18.1 in.) in length. Conservation licence limit of two (2), only one (1) greater than 46 cm (18.1 in.) in length.
Thames River - between the dam at Gordon Pitlock Reservoir and the bridge at Hwy. 59.	4	Fish sanctuary - no fishing from Mar. 15 - May 7 (Fri. before 2nd Sat.).
Tug Channel and unnamed channel - between Little Lake and Georgian Bay - Tay and Georgian Bay Twp.	4	Fish sanctuary - no fishing from Apr. 1 - May 7 (Fri. before 2nd Sat.).
Whiteman's Creek and tributaries from the East Quarter Town Line Road downstream to the edge of the Grand River.	4	Fish sanctuary - no fishing from Oct. 1 - Apr. 23 (Fri. before last Sat. in Apr.).
Whiteman's (Horner) Creek - between Robinson Road and Cleaver Sideroad - Brantford Twp.	4	Catch and possession limit of five (5) salmon and trout, but not more than one (1) rainbow or brown trout. Brown trout and rainbow trout minimum length of 50 cm (19.7 in.). Artificial lures with a barbless hook must be used.
Wilcox Lake - Grey County.	4	Brook, brown & rainbow trout open from Jan. 1 - Mar. 31 and Apr. 24 (last Sat.) - Sept. 30.
Wilder Lake - Grey County.	4	Brook, brown & rainbow trout open from Jan. 1 - Mar. 31 and Apr. 24 (last Sat.) - Sept. 30.
Williams Lake - Grey County.	4	Brook, brown & rainbow trout open from Jan. 1 - Mar. 31 and Apr. 24 (last Sat.) - Sept. 30.
Willow Creek - St. Edmunds Twp.	4	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 7 (Fri. before 2nd Sat.).
Young's (Ryerse) Creek - Delhi Twp. and the City of Nanticoke, between the dam on Lot 23, Conc. II in the former Twp. of Charlotteville and the downstream side of the bridge on the Lakeshore Road at Port Ryerse.	3	Fish sanctuary - no fishing from Jan. 1 - Apr. 23 (Fri. before last Sat.).

Anglers – Are You Moving Firewood?

Emerald Ash Borer

The Ministry of Natural Resources reminds anglers that they may accidentally cause a threat to the health of Ontario's forests by moving firewood from their home to their favourite fishing area. The Canadian Food Inspection Agency (CFIA) strictly controls the movement of firewood from pest-regulated areas of Canada. Firewood may contain insect and plant diseases that could easily spread to other forest locations if you move firewood from your home to your campsite.

Of particular concern are the Asian Longhorned Beetle and Emerald Ash Borer; both are recent arrivals to Canada and without natural controls here. While the Emerald Ash Borer is currently believed confined to southwestern Ontario and southeastern

Michigan where it has killed millions of ash trees, the movement of firewood has been implicated in its rapid spread in both the US and Canada over the past year. As a result, at the time of printing of this *Summary*, the CFIA has placed all of Essex County under quarantine. Please check with the CFIA by phone to receive the most up to date information on Counties that are currently under quarantine. Both insects can be easily spread in firewood, which may look normal, but still be infested with the insects.

Anglers, you can assist in protecting the health of the forest by contacting your local CFIA office **prior to moving any firewood**. The best way to protect your forest is to use local firewood from the area where you are fishing.

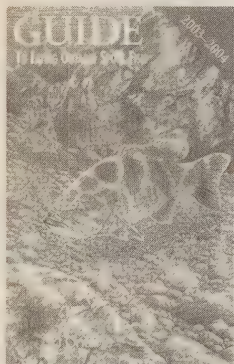

The CFIA can be reached at **1-800-442-2342**, or **519 837-9400**. You can also visit their website: www.inspection.gc.ca

If you need additional information you can also contact your local MNR office for assistance.

Guide to Eating Ontario Sport Fish

Fish can be an important part of a balanced diet. Fish are low in fat and offer an excellent source of high-quality protein and other essential nutrients. However, some fish caught from Ontario waters can contain high levels of contaminants. To protect those who eat sport fish, the Ontario government test fish from lakes and rivers throughout the province for substances such as mercury, dioxins and furans, PCBs, mirex/photomirex and toxaphene. The results of these tests are made available every two years in the Guide to Eating Ontario Sport

Fish. The guide provides species and size-specific advice on fish consumption from more than 1,700 locations in Ontario.

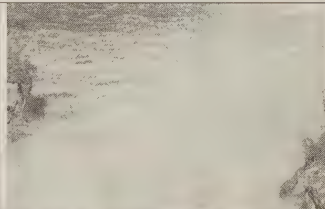

The **2003-04 Guide to Eating Ontario Sport Fish** is available free of charge by calling the Ministry of the Environment's Public Information Centre (416-325-4000 -or- 1-800-565-4923). Electronic copies are available on the ministry's Web site (www.ene.gov.on.ca). Questions about the guide or specific consumption advisories should be directed to the **Sport Fish Contaminant Monitoring Program** by phone (416-327-6816 -or- 1-800-820-2716) or by e-mail (sportfish@ene.gov.on.ca).

BEFORE

AFTER

In just minutes,
a calm river
can change into
dangerous waters.

FISHING NEAR OUR DAMS IS DANGEROUS!

ONTARIO POWER GENERATION CARES ABOUT YOUR SAFETY. That's why we're asking all anglers to stay clear of our hydroelectric stations, dams, shorelines and surrounding waterways. They are dangerous places for any recreational activities. Hydroelectric stations operate 24 hours a day and their operations affect water flows and levels, which can change quickly and without notice. Some dams have gates that might be remotely controlled and in just a few minutes, can change calm waters or a dry riverbed into dangerous waters with swift currents and rising levels.

Be alert for warnings, signs, booms and buoys. Whenever you see water levels changing, move immediately – and always make sure you are a safe distance away. **Stay clear and stay safe!**

Always check the current regulations for the specific species and area. Regulations may vary by area and are subject to change. For more information, visit the Ontario Ministry of Natural Resources and Forestry website.

Size Limits:

Unless otherwise stated, the length referred to is total length. (See page 5)

Size restrictions listed above apply to both Sport Fishing and Conservation licences.

Daily Catch and Possession Limits:

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of the fish.

The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

Shore Meals - Fish caught that day and eaten are counted as part of your daily catch limit.

† Catch and Possession Limits for Salmon and Trout COMBINED

[Not exceeding individual species limits where otherwise stated]

- Divs. 8 and 11 (Lake Ontario and St. Lawrence River): five (5) salmon and trout in one day, but not more than three (3) may be lake trout, brook trout, and splake combined.
- Divs. 6, 7, 9, 10, 12, 12A & 29: five (5) salmon and trout combined, in one day. Divs. 6, 7 and 9, see General Area Exceptions for lake trout in tributaries to Lake Ontario.

C - Two (2) in one day with not more than one (1) lake trout.

NOTE: Other seasons - Division 6

All other species not listed in above table are open from Apr. 24 (last Sat.) - Nov. 15.

S - no limit

C - no limit

This does not include bait-fish, see page 7.

Note: Species NOT listed here (except for lake trout) generally have a year-round open season and no catch and possession limits, although some do have fish restrictions. See page 7.

*except Dec. 24

Size Limits:

Unless otherwise stated, the length referred to is total length. (see page 5)

Size restrictions listed above apply to both Sport Fishing and Conservation Licences.

Fork length is a measure from the tip of the mouth with jaws closed to the central part of the tail fin (see page 5).

Daily Catch and Possession Limits:

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of the fish.

The **catch limit** is the number of fish you are allowed to catch and keep in one day. The **possession limit** is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

Shore Meats - Fish caught that day and eaten are counted as part of your daily catch limit.

† Catch and Possession Limits for Salmon and Trout COMBINED

[Not exceeding individual species limits where otherwise stated]
S = Dvs. 8 and 11 (Lake Ontario and St. Lawrence River); five (5) salmon and trout in one day, but not more than three (3) may be lake trout, brook trout, and splake combined.

• Dvs. 6, 7, 9, 10, 12, 12A & 29: five (5) salmon and trout combined, in one day. Dvs. 6, 7 and 9, see General Area Exceptions for lake trout in tributaries to Lake Ontario.

C = Two (2) in one day with not more than one (1) lake trout.

SOUTHEASTERN ONTARIO

General Notes

- **Fishing is prohibited in all waters of Div. 6, including Kawartha Lakes and Dalrymple Lake in the City of Kawartha Lakes (formerly known as Victoria County) and Simcoe County, from Nov. 16 to the Friday before the last Saturday in April in any year.** This restriction does not apply to Lake Scugog ice fishing in Jan. and Feb.; nor does it affect "Additional Fishing Opportunities" listed below.
- Lake Scugog: walleye and yellow perch seasons open Jan. 1 - Feb. 29 (last day).
- Div. 10 includes Opinicon, Wolfe and Silver Lakes in the County of Frontenac and White, Brook, Clyde and Bartraw Lakes in the County of Renfrew.
- The waters of the Trent River from Percy Reach to Lock 9 are in Div. 7.

- The waters of the Talbot River in Ramara Twp., Simcoe County and Brock Twp., Durham Region, are in Div. 6.
- The Niagara River downstream of Niagara Falls is in Div. 8.
- The waters of Millhaven Creek downstream of the first dam are in Div. 8.
- The waters of the Catawqui River downstream of the dam in Kingston Mills are in Div. 11.

Bait Restrictions

- In Divs. 9, 10 & 29 there is a year-round ban on fishing with live or dead lake herring (cisco) as bait.

Licences for Provincial Border Waters

Ontario-Quebec Border: You may fish in Lake Timiskaming and throughout Div. 12 (Ottawa River) and in Div. 12A (Lake St. Francis) with either an Ontario Resident or a Quebec Resident fishing licence.

Additional Fishing Opportunities

Extended Fall Season for Rainbow and Brown Trout

The normal open season [Apr. 24 (last Sat.) - Sept. 30] is extended to Apr. 24 (last Sat.) - Dec. 31 in:

Location	Div.	Location	Div.
Northumberland County , all waters downstream of Hwy. 2, except the Ganaraska River which may only be fished downstream of the south side of the C.P.R. bridge.	6	Regional Municipality of Durham - all waters between Hwy. 2 and the southerly limit of the C.N.R. right-of-way.	6

Extended Fall Season for Pacific Salmon

Apr. 24 (last Sat.) - Dec. 31

Location	Div.
Northumberland County and Regional Municipality of Durham - all waters lying between Hwy. 2, and the southerly limit of the C.N.R. right-of-way, except the Ganaraska River which may only be fished downstream of the south side of the C.P.R. bridge.	6

Exceptions to the General Regulations (Southeastern Ontario)

ALL DATES INCLUSIVE

General Areas of Southeastern Ontario (Map B)	Div.	Exceptions
All Tributaries of Lake Ontario.	6, 7 & 9	Lake trout catch and possession limit of three (3) in one day.
All Tributaries of Lake Ontario.	7 & 9	Atlantic salmon minimum length of 63 cm (24.8 in.).
Cornwall Recreation Area - Cornwall Twp.	9	See Cornwall Recreation Area in Waters of Southeastern Ontario.
Division 5 (including the Kawartha Lakes and Dalrymple Lake in the City of Kawartha Lakes (formerly known as Victoria County) and Simcoe County and the Talbot River, its tributaries and the Trent Canal located in Ramara Twp., Simcoe County and Brock Twp., Regional Municipality of Durham).	6	Fishing prohibited for all fish species (except baitfish) from Nov. 16 - Apr. 23 (Fri. before last Sat.).
George Chalmers' Fishing Area.	9	See George Chalmers' Fishing Area in Waters of Southeastern Ontario.
Lancaster and Charlottenburgh Townships and the City of Cornwall except for those waters of the St. Lawrence River (Lake St. Lawrence) west of the dam at the Robert H. Saunders Generating Station.	9	Yellow perch closed from Apr. 1 - May 7 (Fri. before 2nd Sat.). Yellow perch daily catch limit of one hundred (100), possession limit of two hundred (200). Conservation licence catch limit of fifty (50), possession limit of one hundred (100).
Tributaries of Lake Simcoe within the Regional Municipality of Durham.	6	Yellow perch catch limit of fifty (50), possession limit of one hundred (100). Conservation licence limit of twenty-five (25), possession limit of fifty (50).
Waters of Southeastern Ontario (Map B)	Div.	Exceptions
Ashby Lake.	29	Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
Balsam Lake (44°35'N, 78°50'W) - including the waters of the Gull River upstream to the dam at Cobocoon, the waters of the Otonabee River (Rosedale River) between the Trent dam at Rosedale upstream to Balsam Lake, the waters of the Trent Canal between the upstream lock at Rosedale upstream to its junction with the Otonabee River (Rosedale River), and the waters of the Trent Canal between Balsam Lake and Mitchell Lake - Bexley and Fenelon Twp.	6	Walleye catch and possession limit of three (3), which must be less than 37 cm (14.6 in.), or greater than 55 cm (21.7 in.) in length. Conservation licence limit of one (1) which must be less than 37 cm (14.6 in.) or greater than 55 cm (21.7 in.) in length.
Banker Lake.	29	Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
Barnard Lake - Ashby Twp.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Bennett Lake.	10	Walleye minimum length of 41 cm (16.1 in.).
Big Rideau Lake.	10	The use of alewife or gizzard shad (live or dead) as bait is prohibited.
Big Rideau Lake (The Bog and Long Island) - Bastard and Burgess Twp.	10	Fish sanctuary - closed all year.
Black Creek - Front of Leeds and Lansdowne Twp.	10	Fish sanctuary - closed all year.
Black Donald Lake and the Madawaska River - North Canora Twp.	15	See also Madawaska River - upstream of Mountain Chute Dam - Map C.
Bruce Lake - Miller Twp.	29	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Buckshot Lake - Miller and Abinger Twp.	29	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Burleigh Falls, Perry's Creek, Stony Lake - Smith and Harvey Twp., Trent-Severn Dam to Stony Lake.	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
Charleston Lake.	10	The use of alewife or gizzard shad (live or dead) as bait is prohibited.
Chemung Lake - Bridgenorth Causeway - Smith and Ennismore Twp., 100 m (328 ft.) on both sides of causeway on County Rd. 16.	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 7 (Fri. before 2nd Sat.).
Christie Lake - Bathurst Twp. and downstream to bridge at Tay River, Lot 7, Conc. II.	10	Fish sanctuary - no fishing from Apr. 1 - June 7 (1st Mon.). Walleye must be less than 35 cm (13.8 in.) or greater than 50 cm (19.7 in.) in length.
Clayton Lake.	10	Walleye minimum length of 41 cm (16.1 in.).
Cobourg Brook - from the downstream side of the lamprey barrier downstream to the south side of the King St. Bridge in the town of Cobourg.	6	Fish sanctuary - closed all year.
Consecon Creek - Hillier and Ameliasburgh Twp., from the dam in the Village of Consecon to Weller's Bay.	8	Fish sanctuary - no fishing from Apr. 1 - Apr. 30 (Fri. before 1st Sat. in May).
Consecon Creek - Hillier Twp., from Lot 86 in Conc. V to the mouth of the creek.	8	Fish sanctuary - no fishing from Apr. 1 - Apr. 30 (Fri. before 1st Sat. in May).
Cornwall Recreation Area - Cornwall Twp.	9	Live fish may not be used as bait or possessed for use as bait.
Crotch Lake.	29	Walleye must be less than 46 cm (18.1 in.) or greater than 61 cm (24 in.) in length.
Crotch Lake and Mississippi River - Palmerston Twp.; from Sidedam Rapids to north shore of Skull Island including McLean's Bay.	29	Fish sanctuary - no fishing from Mar. 1 - June 7 (1st Mon.).
Crowe Lake (44°29'N, 77°44'W).	7	Muskellunge minimum length of 102 cm (40 in.).
Crowe River - Village of Marmora.	7	Fish sanctuary - no fishing from Apr. 1 - May 7 (Fri. before 2nd Sat.).
Crowe River - from Crowe Lake downstream to the westerly boundary of the County of Hastings.	7	Muskellunge minimum length of 102 cm (40 in.).
Crystal Lake - Ashby Twp.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Dalhousie Lake and Mississippi River within a 300 m (984 ft.) radius of the bridge of the twp. road crossing the Mississippi River where it enters Dalhousie Lake - Dalhousie Twp.	10	Fish sanctuary - no fishing from Mar. 1 - June 7 (1st Mon.).
Dickey Lake - Lake Twp.	7	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Effingham Lake - Effingham Twp.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Fawn Lake - Clarendon Twp.	29	Walleye must be less than 46 cm (18.1 in.) or greater than 61 cm (24 in.) in length.
Fenelon Falls - Fenelon Twp., Trent-Severn Dam to second power line 1000 m (3281 ft.) downstream.	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).

Waters of Southeastern Ontario (Map B)

Div.

Exceptions

Fishog River - from the mouth of the river at Head Lake (44°45'N, 78°54'W) to the base of the waterfalls approx. 1.5 km [0.9 mi.] upstream.

Fox Lake - Ashby Twp.

Ganaraska River - Town of Port Hope, from Hwy. 401 downstream to the south side of the Jocelyn St. Bridge.

Gannon's Narrows - Harvey and Ennismore Twp. - within 100 m (328 ft) of both sides of the causeway on County Road 16.

George Charlies' Fishing Area.

Green Lake - Lavant Twp.

Grimshorpe Lake - Grimshorpe Twp.

Gull River (Cobocok) - Beasley and Somerville Twp. from Trent-Severn Dam downstream to narrows approaching Balsam Lake.

Husky Falls - Seymour Twp. - all water flowing from Seymour Lake from the northwesterly side of the bridge on County Road 50 to Crowe Bay.

Hoasic Creek (known as Nash Creek) - Williamsburgh Twp.

Hoaple Creek - Onaburck Twp.

Indian River and Clayton Lake within a 300 m (984 ft) radius of the Command Bridge crossing the Indian River where it enters Clayton Lake in Lanark Twp.

Joepery Lake.

Katchewanooka Lake (Young's Point) - Smith and Douro Twp. from Trent-Severn Dam to the downstream (west) side of the Hwy. 28 bridge.

Kishkebus Lake.

Lake Ontario.

Lake Ontario - all waters in Division 8 lying east of Chub Point (east of Longitude 78°00'W) which is just west of Shelter Valley Creek - Haldimand Twp. This includes the Bay of Quinte (up to the first dam on the Moira and Napanee Rivers and up to Lock No. 1 on the Trent River) and the waters of Prince Edward County (including Concession, East and West Lakes).

Lake Ontario and the St. Lawrence River, excluding Lake St. Francis.

Lake Scugog.

Lake Scugog - 100 m (328 ft) on both sides of Hwy. 7A (causeways) - Scugog Twp.

Lake St. Francis and the waters of the St. Lawrence River lying east of the dam at the Robert H. Saunders Generating Station, and the waters in Lancaster and Charlottenburgh Twp. and the City of Cornwall.

Leatherfoot Lake - Denbigh Twp.

Lingham Lake - Grimshorpe Twp.

Little Green Lake - Darling Twp.

Lovesick Dams - Smith and Harvey Twp.

Lower Buckhorn Lake - Smith and Harvey Twp. from Trent-Severn Dam to a point 400 m (1312 ft) below the dam.

Lucky Lake - Miller Twp.

Madawaska River and Lake Madawaska (Amprior head pond) - West Carleton Twp.

Madawaska River and Lake Madawaska (Amprior head pond) - Pakenham Twp.

Mayhew Creek.

Mayhew Lake (Upper and Lower) - Abinger and Barrie Twp.

Mississippi River - Drummond Twp., from 79.2 m (260 ft) east to 240.8 m (790 ft) west of Main Street.

Mississippi River - Drummond Twp., from 79.2 m (260 ft) east of Main Street to Mississippi Lake.

Mississippi River - Pakenham Twp., between the falls in the Town of Almonte and upstream side of bridge on Lanark County Road 20.

Mississippi River and Dalhousie Lake - Dalhousie Twp.

Mitchell Lake (44°34'N, 78°50'W), including the waters of the Trent Canal between Mitchell Lake and Balsam Lake, and the waters of the Trent Canal between Mitchell Lake and lock No. 36 at Kirkfield - Eldon Twp.

Moira Lake.

Moira River and Bay of Quinte - from the Lot Dam downstream, including Belleville Harbour in the Bay of Quinte.

Moira River - from the first dam above Lake Ontario (in the city of Belleville) upstream to Hwy. 7.

Mosque Lake - Miller Twp.

Napanee River - Town of Napanee from the waterfalls at Springside Park downstream to the bridge at Centre Street.

Newboro Lake (Old Iron Mine Bay) - North Crosby and South Crosby Twp.

Newboro Lake (The Bog) - South Crosby Twp.

Niagara River, downstream from Niagara Falls to Lake Ontario.

6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).

29 Fish sanctuary - no fishing from Jan. 1 - May 14 (Fri. before 3rd Sat.) & Dec. 1 - Dec. 31.

6 Fish sanctuary - closed all year.

6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 7 (Fri. before 2nd Sat.).

9 Live fish may not be used as bait or possessed for use as bait.

10 Live fish may not be used as bait or possessed for use as bait.

7 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.

6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).

6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).

9 Fish sanctuary - no fishing from May 14 - June 25 (last Fri.).

9 Fish sanctuary - no fishing from Apr. 1 - Apr. 30.

10 Fish sanctuary - no fishing from Mar. 1 - June 7 (1st Mon.).

29 Fish sanctuary - no fishing from Jan. 1 - May 14 (Fri. before 3rd Sat.) & Dec. 1 - Dec. 31.

6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).

29 Fish sanctuary - no fishing from Jan. 1 - May 14 (Fri. before 3rd Sat.) & Dec. 1 - Dec. 31.

8 A person who is angling from a boat may use two (2) lines in the open waters of Lake Ontario except for the Bay of Quinte (the waters lying west of the Glenora Ferry including the Murray Canal, Presqu'ile Bay, Wellers Bay, East Lake, West Lake, Frenchman Bay, Hamilton Harbour and all tributaries of Lake Ontario).

8 Walleye catch and possession limit of four (4), zero (0) may be between 48 - 63 cm (18.9 - 24.8 in.) in length and only one (1) may be greater than 63 cm (24.8 in.) in length. Conservation licence limit of two (2), zero (0) may be between 48 - 63 cm (18.9 - 24.8 in.) in length and only one (1) may be greater than 63 cm (24.8 in.) in length.

8 & 11 Catch and possession limit of five (5) salmon or trout, but not more than three (3) may be lake trout, brook trout and splake combined.

6 Walleye and sauger open from Jan. 1 - Feb. 29 (last day) & May 8 (2nd Sat.) - Nov. 15. Yellow perch open from Jan. 1 - Feb. 29 (last day) & Apr. 24 (last Sat.) - Nov. 15. Other species not listed in the Division/Species Table for Division 6 - no fishing from Nov. 16 - Dec. 31 and Mar. 1 - Apr. 23 (Fri. before 2nd Sat.).

6 Fish sanctuary - no fishing from Apr. 1 - May 7 (Fri. before 2nd Sat.).

9 & 12A Yellow perch catch limit of one-hundred (100), possession limit of two-hundred (200). Conservation licence catch limit of fifty (50), possession limit of one-hundred (100). Anglers fishing in these waters cannot possess more yellow perch than the daily fishing quota, even if some of the yellow perch were taken from other waters.

29 Fish sanctuary - no fishing from Jan. 1 - May 14 (Fri. before 3rd Sat.) & Dec. 1 - Dec. 31.

7 Fish sanctuary - no fishing from Jan. 1 - June 25 (Fri. before last Sat.) & Dec. 1 - Dec. 31.

10 Live fish may not be used as bait or possessed for use as bait.

6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).

6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).

29 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.

9 Northern pike and walleye open from Jan. 1 - Mar. 31 & May 15 (3rd Sat.) - Dec. 31.

10 Northern pike and walleye open from Jan. 1 - Mar. 31 & May 15 (3rd Sat.) - Dec. 31.

7 Rainbow trout closed from Jan. 1 - Apr. 23 (Fri. before last Sat.) & Oct. 1 - Dec. 31.

29 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.

10 Fish sanctuary - closed all year.

10 Fish sanctuary - no fishing from Mar. 1 - June 7 (1st Mon.).

10 Fish sanctuary - no fishing from Mar. 1 - June 7 (1st Mon.).

10 See Dalhousie Lake.

6 Walleye catch and possession limit of three (3), which must be less than 37 cm (14.6 in.) or greater than 55 cm (21.7 in.) in length. Conservation licence limit of one (1) which must be less than 37 cm (14.6 in.) or greater than 55 cm (21.7 in.) in length.

7 Muskellunge minimum length of 102 cm (40 in.).

8 Fish sanctuary - no fishing from Apr. 1 - Apr. 30 (Fri. before 1st Sat. in May).

7 Muskellunge minimum length of 102 cm (40 in.).

29 Lake trout closed from Jan. 1 - May 14 (Fri. before 3rd Sat.) & Sept. 9 - Dec. 31.

8 Fish sanctuary - no fishing from Apr. 1 - Apr. 30 (Fri. before 1st Sat. in May).

10 Fish sanctuary - closed all year.

10 Fish sanctuary - closed all year.

8 Muskellunge minimum length of 112 cm (44 in.).

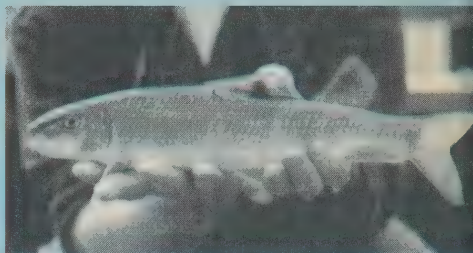

Waters of Southeastern Ontario (Map B)	Div.	Exceptions
Opinicon Lake (Darlings Bay) - Storrington Twp.	10	Fish sanctuary - closed all year.
Opinicon Lake (Murphy Bay) - South Crosby Twp.	10	Fish sanctuary - closed all year.
Otonabee River (Bobcaygeon) - Verulam and Harvey Twp.s from Trent-Severn Dam and Little Bob Dam to Pigeon Lake.	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
Otonabee River (Rosedale/Fenelon Twp.) Trent-Severn Dam to Cameron Lake.	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
Otonabee River (Peterborough) from Trent-Severn Dam to Lock No. 19 to Bensford Bridge at County Road 2.	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
Ottawa River - between the Quebec Carillon Power House and Pointe Fortune.	12	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
Ottawa River - from the Lake Temiscaming Dam downstream to a line drawn due east from the southernmost point of land at the mouth of Fournier Creek to Poirras Twp.	12	Fish sanctuary - no fishing from Apr. 1 - June 15.
Otter Lake - Ashby Twp.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Paddy Lake - Dalhousie Twp.	10	Live fish may not be used as bait or possessed for use as bait.
Palmerston Lake - Palmerston and South Canotia Twp.s.	29	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Pierce's Flow - Rear of Leeds and Lansdowne Twp.s.	10	Fish sanctuary - closed all year.
Pigeon River (Omemee) - Emily Twp., from Omemee Dam to C.N.R. bridge.	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
Pike Lake.	10	Walleye must be less than 35 cm (13.8 in.) or greater than 50 cm (19.7 in.) in length.
Rainy Lake - Effingham Twp.	29	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Raisin River - those portions of the river in the village of Martintown and Lot 43, Conc. 1, north side of Raisin River in Charlottenburgh Twp.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
Redhorse Lake.	10	The use of alewife or gizzard shad (live or dead) as bait is prohibited.
Rideau Lake.	9 & 10	Muskellunge minimum length of 112 cm (44 in.).
Robertson Lake.	10	No walleye size limit.
Sand Lake - N. Crosby Twp., that part lying in Lots 15 and 16, Conc. IX and Lot 15, Conc. VIII, and the waters of the river flowing between Wolfe Lake and Sand Lake.	10	Fish sanctuary - closed all year.
Sand Lake (Freeman's Bay) - South Crosby Twp.	10	Fish sanctuary - closed all year.
Scugog River (Lindsay - Ops Twp.) - from Trent-Severn Dam to Ops/Fenelon boundary.	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
South Nation River - Cambridge Twp., Coupl's dam in Casselman downstream to the westerly limit of Lot 11, Conc. V.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
South Nation River - Finch Twp., Hamlet of Cryslar.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
South Nation River - North Plantagenet Twp., between north side of Conc. IV and a point 30.5 m (100 ft) upstream of C.P.R. right-of-way.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
South Nation River - Winchester Twp., Village of Chesterville.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
Stooz Lake (44°28'N, 77°17'W).	7	Muskellunge minimum length of 102 cm (40 in.).
Talbot River - Brock and Ramara Twp.s - from Hwy. 12 to Dam at Lot 6, Conc. XI.	6	Fish sanctuary - no fishing from Mar. 16 - June 25 (Fri. before last Sat.).
Talbot River and its tributaries and the Trent Canal system in Brock Twp., Regional Municipality of Durham and Ramara Twp., Simcoe County.	6	Yellow perch catch limit of fifty (50), possession limit of one hundred (100). Conservation licence limit of twenty-five (25), possession limit of fifty (50).
Talbot River - Kirkfield - Carden Twp., fronting Conc. VII, VIII and IX.	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
Tay River in lots 3-6, in Conc. II & III in Bathurst Twp.	10	Fish sanctuary - no fishing from Apr. 1 - June 7 (1st Mon.).
Taylor Lake.	10	Walleye minimum length of 41 cm (16.1 in.).
Tharlet Lake.	7	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Trent River - City of Quinte West between the first dam north of Lake Ontario downstream to the south side of the Dundas Street bridge and the Trent Canal from Lock No. 1 downstream to where it joins the Trent River.	8	Fish sanctuary - no fishing from Apr. 1 - Apr. 30 (Fri. before 1st Sat. in May).
Trent River - from the first dam (Number One) above Lake Ontario upstream to Lock No. 9 (Meyers Lock) at the head of Percy Reach.	7	Muskellunge minimum length of 102 cm (40 in.).
Trent River fronting Lots 4 & 5, Conc. VIII, Asphodel Twp. and Lots 14 & 15, Conc. XII, Percy Twp. (Village of Hastings).	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
Twin Island Lake.	29	Walleye must be less than 46 cm (18.1 in.) or greater than 61 cm (24 in.) in length.
Upper Rideau Lake (44°41'N, 76°20'W) - North Crosby Twp.	10	Walleye minimum length of 50 cm (19.7 in.). Walleye catch and possession limit of two (2). Conservation licence limit of one (1).
Weslemkoon Lake - Ashby Twp.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Westport Pond - North Crosby Twp.	10	Fish sanctuary - closed all year.
White Lake - Bogot and McNabb Twp.s.	10	Walleye must be less than 35 cm (13.8 in.) or greater than 50 cm (19.7 in.) in length.
White Lake - Olden Twp.	9	Fish sanctuary - closed all year.
Whitefish Lake (Jones Falls Bay) - South Crosby Twp.	10	Fish sanctuary - closed all year.
Wilts Creek - Front of Leeds and Lansdowne Twp.s.	10	Fish sanctuary - closed all year.

act today so they have tomorrow

In Ontario, 33 freshwater fish species are threatened by, or are vulnerable to, extinction – species at risk. Most of these species are not well known to anglers with the exception of the endangered aurora trout. The majority of fishes at risk occur in southern Ontario; however, some species, including the shortjaw cisco, northern brook lamprey and aurora trout are also found in northern Ontario. The decline in fish populations is caused mainly by habitat loss and the invasion of exotic species. The Ministry of Natural Resources is participating in recovery planning for several fish species and watersheds.

The Federal Government recently passed the Species at Risk Act, which provides protection to threatened and endangered species and their habitats. In June 2004, the harvest of the following species will be prohibited:

- gravel chub and paddlefish (extirpated species)
- aurora trout (endangered species) in Whitepine Lake, Whirligig Lake, and Campcott Lake (regulated fish sanctuaries)
- lake chubsucker, eastern sand darter and spotted gar (threatened species).

To learn more about Ontario's species at risk, visit

www.OntarioParks.com/english/sar.html

Lake Sturgeon	168.00	76.2
Walleye	22.25	10.1
Yellow Perch	2.25	1.0

* Pounds are the official unit of measurement.

Central Ontario - Map C

Includes Divisions 12, 13, 15, 16, 17, 27, 28 and 35

For map specific regulations check the Division/Species Table and the Exceptions to the General Regulations for this map area on the following pages.

 Ministry of Natural Resources Offices

CENTRAL ONTARIO

General Notes

- **Algonquin Park:** All fishing is prohibited in Div. 13 from Jan. 1 - Apr. 23 (Fri. before last Sat.) & Dec. 1 - Dec. 31.
- **Lake Nipissing:** All angling in Div. 27 is prohibited from Mar. 8 - May 21 (Fri. before Victoria Day) & Oct. 16 - Dec. 31.
- **St. Marys River:** all waters east or down river of the compensation works at the head of the St. Mary's River rapids in Sault Ste. Marie and including Echo Bay are within Div. 17.

Licences for Provincial Border Waters

Ontario-Quebec Border: You may fish in Lake Timiskaming and throughout Div. 12 (Ottawa River) and in Div. 12A (Lake St. Francis) with either an Ontario Resident or a Quebec Resident fishing licence.

ATTENTION: Lake Huron Anglers

\$100.00 (US) REWARD - for the return of fish with internal, temperature-recording tags as identified by an external spaghetti tag near the dorsal or pelvic fin. The tags are being placed in lake trout, chinook salmon, lake whitefish, lake sturgeon and sea lamprey. The date, time and location of capture must be submitted along with the entire fish (not gutted). The fish are only located in Lake Huron and the tag must state - "\$100 REWARD FOR FISH & INTERNAL TAG" - to qualify.

For reward and pick-up, please contact:

**Hammond Bay Biological Station,
Millersburg, Michigan

URBAN FISHING OPPORTUNITIES IN ONTARIO

The Rideau River and Dows Lake in Ottawa...the Thames River in London...Lake Nipissing in North Bay...the Lake Ontario waterfront in Kingston and Toronto. Virtually all of Ontario's larger urban centers are situated on or near water and offer a fantastic diversity of doorstep angling opportunities. Muskellunge, steelhead, walleye and bass are only some of the more popular species which may be angled in Ontario's urban centers.

The Ministry of Natural Resources supports many initiatives designed to promote angling in urban areas. These include access developments, angling information, fishing derbies and festivals, stocking projects and fish habitat restoration. The Tackle Share program, a joint initiative between MNR and the Ontario Federation of Anglers and Hunters, has been developed to lend basic fishing gear to children or novice anglers who do not have their own equipment.

For more information on urban fishing opportunities in your area, contact your local MNR office.

CENTRAL ONTARIO (MAP C) Division/Species Table

Open Seasons (all dates inclusive) - Catch, Possession and Size Limits

You **MUST** check the Exceptions on pages 43 to 51 for additional regulations on specific water bodies

Note: Sturgeon are NOT listed above for any of the four rivers except where they are listed as a special species. Sturgeon are listed as a special species in the following table. For more information on sturgeon, see page 5.

Size Limits: Unless otherwise stated, the length referred to is total length, (see page 5). Size restrictions listed above apply to both Sport Fishing and Conservation Licences.

Fork length is a measure from the tip of the mouth with jaws closed to the central part of the tail fin (see page 5).

Daily Catch and Possession Limits: Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of fish.

The **catch limit** is the number of fish you are allowed to catch and keep in one day. The **possession limit** is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

Shore Meals - Fish caught that day and eaten are counted as part of your daily catch limit.

† Catch and Possession Limits for Salmon and Trout COMBINED
(Not exceeding individual species limits where otherwise stated)

- Lake Huron (south of the north end of the Bruce Peninsula), and Georgian Bay (excluding Big Sound) [Divs. 16 and 33]: five (5) salmon and trout, but not more than three (3) may be lake trout and brook trout combined, and not more than two (2) may be rainbow trout.
- See the "Exceptions to the General Regulations" on p. 43 for regulations affecting rainbow trout and lake trout in the waters of the Big Sound of Parry Sound.
- Lake Huron (north of the north end of the Bruce Peninsula) and the North Channel [Divs. 17 and 35]: five (5) salmon and trout, but not more than three (3) may be lake trout and brook trout combined.
- Divs. 12, 13, 15, 27 & 28: five (5) salmon and trout combined, in one day.
- Two (2) in one day with not more than one (1) lake trout.
- In Lake Huron, south of the north end of the Bruce Peninsula only one (1) rainbow trout in one day.

Yill Lake - Wicklow Twp.	15	Live fish may not be used as bait or possessed for use as bait.

Announcing Great New Awards Program for Ontario Anglers!

O.F.A.H.

Ontario Angler Awards[®]

Does your fish measure up?

How It Works

If your fish is equal to or longer than the required minimum lengths, just fill in the entry form and be recognized for your catch. For complete rules and regulations, please visit our website or call 705-748-6324.

Decal and
Award Certificate

Ontario Avid Angler Award

This prestigious award recognizes the angler who catches the longest fish of the year in each category. After meeting the minimum length, the angler will receive a NO CHARGE award through the Ontario Angler Award program and go.

Note: Species NOT listed above (except for Bull Trout) generally have a year-round open season and are catch-all; possession limits still apply. For information on hatch fish restrictions, see page 7.

*except Dec. 24

Size Limits:

Unless otherwise stated, the length referred to is total length. (see page 5)
Size restrictions listed above apply to both Sport Fishing and Conservation licences.

Daily Catch and Possession Limits:

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of the fish.

The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

Store Meals - Fish caught that day and eaten are counted as part of your daily catch limit.

*Catch and Possession Limits for Salmon and Trout COMBINED

[Not exceeding individual species limits where otherwise stated]

- S • Five (5) salmon and trout combined in one day.
- C • Two (2) in one day with not more than one (1) lake trout.

Woods Lake - Alfion Twp.	18	Fish sanctuary - no fishing from Jan. 1 - Jan. 31.
Woolley Lake (48°51'N, 80°37'W) - Edwards Twp.	19	Walleye open from May 17 - Dec. 31.
Wynn Lake - Arnold Twp.	19	Fish sanctuary - closed all year 2005 & 2006 Aurora trout open from Aug. 1 - Oct. 15, in 2004 and 2007 fish sanctuary remainder of year in 2004 & 2007. Live fish may not be used as bait or possessed for use as bait.
Yesterday Lake (49°50'N, 80°43'W).	19	Fish sanctuary - no fishing from Jan. 1 - May 14 (Fri. before 3rd Sat.) & Nov. 1 - Dec. 31.
Yesterday River Lake (49°49'N, 80°46'W).	19 & 25	Fish sanctuary - no fishing from Jan. 1 - May 14 (Fri. before 3rd Sat.) & Nov. 1 - Dec. 31.

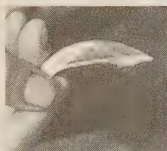

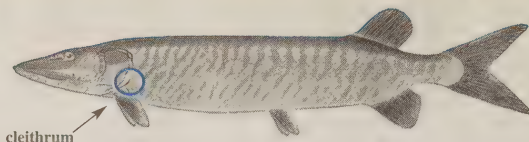

FOREST FIRES

To report a forest fire in Ontario, you may call toll free and your call will be directed to the Ministry of Natural Resources Regional Fire Response Centre, within the area code from which you are calling.

In the 705 telephone area code
(north of the French/Mattawa River System) call:
1-888-863-FIRE (3473).

In the 807 telephone area code (northwestern Ontario) call:
1-888-284-FIRE (3473).

ATTENTION MUSKELLUNGE ANGLERS

Muskellunge are highly prized by many anglers and Ontario offers some of the finest angling opportunities in the world. It is important that management actions be taken to ensure Ontario's muskellunge are sustained in the future. Anglers are encouraged to help with the following project.

The Cleithrum Project – The Cleithrum Project is the provincial repository for biological data on muskellunge and northern pike. The cleithrum (a crescent shaped bone under the gill flap) should be removed from any fish found dead or which has been angled and is being kept for food or mounting. Information on the size of the fish, such as length, weight and girth, and the body of water where the fish was obtained should be recorded and submitted along with the cleithrum bone(s) to Lake Ontario Research Unit, Glenora Fisheries Station, Ontario Ministry of Natural Resources, RR #4, Picton ON, K0L 2T0.

Crown Land and Camping

In Ontario, travel for recreational purposes on Crown lands and waters is generally free and unrestricted. Generally, camping is allowed free on Crown lands for up to 21 days at one site except where posted. To qualify for a separate site which can be occupied for an additional 21 days, a second camp site must be at least 100 metres from the first site. Some Crown lands, however, have restricted travel zones for forest fire prevention, officially closed forest access roads and areas posted with signs to prohibit all or certain kinds of travel.

Non-residents 18 years of age or older, require a permit to camp on Crown lands north of the French and Mattawa Rivers, unless they are using a camping unit rented from a commercial outfitter in Ontario or own real property in Ontario. Contact your local MNR office or licence issuer for permits.

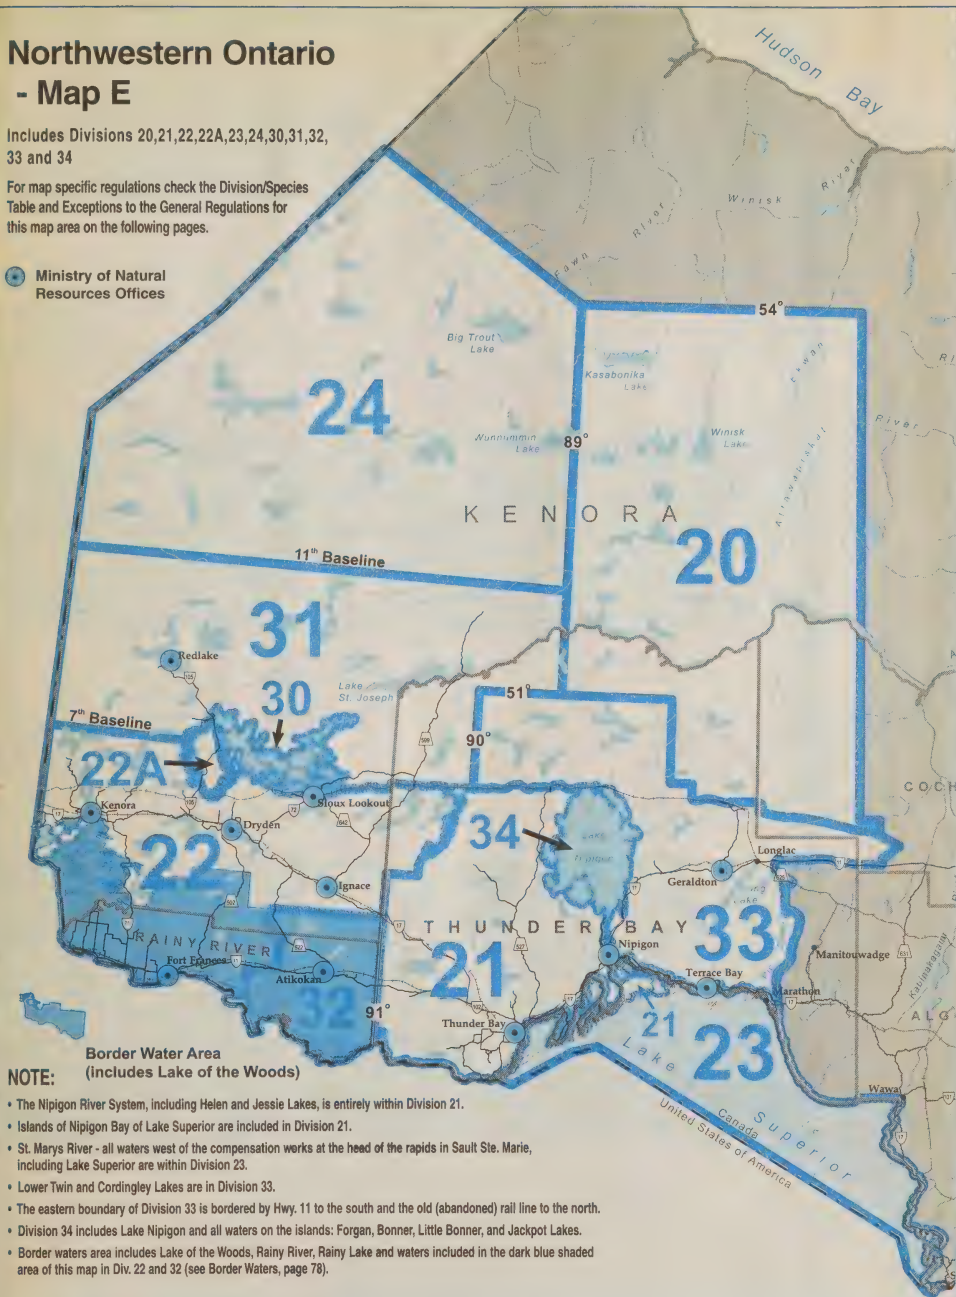

NOTE: Non-residents camping on Crown lands must observe Conservation licence limits in the following Fishing Divisions: Div. 20, 21, 22, 22A, 24, 30-34, (except for Border Waters Area). See Regulations for Border Waters on page 78.

Northwestern Ontario - Map E

Includes Divisions 20,21,22,22A,23,24,30,31,32, 33 and 34

For map specific regulations check the Division/Species Table and Exceptions to the General Regulations for this map area on the following pages.

 **Ministry of Natural
Resources Offices**

NOTE:

- The Nipigon River System, including Helen and Jessie Lakes, is entirely within Division 21.
- Islands of Nipigon Bay of Lake Superior are included in Division 21.
- St. Marys River - all waters west of the compensation works at the head of the rapids in Sault Ste. Marie, including Lake Superior are within Division 23.
- Lower Twin and Cordingley Lakes are in Division 33.
- The eastern boundary of Division 33 is bordered by Hwy. 11 to the south and the old (abandoned) rail line to the north.
- Division 34 includes Lake Nipigon and all waters on the islands: Forgan, Bonner, Little Bonner, and Jackpot Lakes.
- Border waters area includes Lake of the Woods, Rainy River, Rainy Lake and waters included in the dark blue shaded area of this map in Div. 22 and 32 (see Border Waters, page 78).

Sturgeon	Jan. 1 to May 14 & June 15 to Dec. 31 S - one (1) in one day C - zero (0)	Same as Div. 30	Same as Div. 30	Same as Div. 30

None: Species NOT listed above (except for bait-fish) generally have a year round open season and no catch and possession limits although seasons and limits for other species may be in place in some areas. Check in the "Exceptions to the General Regulations" or with the local MNR office. For information on bait-fish restrictions, see page 7.

Size Limits: Unless otherwise stated, the length referred to is total length. (see page 5).
Size restrictions listed above apply to both Sport Fishing and Conservation licences.
Sturgeon are measured differently from other fish (see page 6).

Daily Catch and Possession Limits: Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of fish.
The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

Shore Meals - Fish caught that day and eaten are counted as part of your daily catch limit.

† Catch and Possession Limits for Salmon and Trout COMBINED
(Not exceeding individual species limits where otherwise stated)

- Lake Superior (Div. 23) - five (5) salmon and trout combined but not more than three (3) may be lake trout, splake and brook trout combined.
- All other Map E Divisions (20-22, 24 and 30-34) - five (5) salmon and trout combined.
- Two (2) in one day with not more than one (1) lake trout.

Non-Residents fishing in the Border Waters area please refer to pages 78 and 79.

NORTHWESTERN ONTARIO

Regulations for Border Waters

Licences for Provincial Border Waters

Ontario-Manitoba Border: You may fish in the following lakes with either an Ontario or a Manitoba fishing licence: Div. 22 - Davidson, High, Mantario, and Ryerson Lakes; Div. 24 - Moar Lake; Div. 31 - Frances and Garner Lakes.

Northwestern Ontario Border Waters

The Border Waters area includes Lake of the Woods (including Cul de Sac and Obabikion Lakes), Rainy River (from Wheeler Point upstream to the Fort Frances dam), Rainy Lake (including the portion of the Seine River System upstream to the Crilly dam and Rainy River from Rainy Lake to the Fort Frances dam), and the remaining Fort Frances and Dryden District lakes. The following inland lakes are considered to fall entirely within the border waters area (blue shaded area on map below): Rowan, Katimigagimik, Dibble, White Otter, Nora, Kanoshay, Pine, Elsie Lake, Gulliver, Cloven, Campus, Fish, Adele, Portage, Pyramid, Mack, Saganagons, Amit, Moose Bay, Lower Scotch and four Unnamed Lakes situated at the following coordinates [49°12'N., 91°37'W.], [49°12'N., 91°56'W.], [49°12'N., 91°58'W.], and [48°22'N., 90°58'W.].

Non-Residents

There are regulations in the Border Waters area that affect the number of walleye, sauger and lake trout that non-residents can catch and retain in one day and the total number that can be possessed at any time (refer to the table on page 79). For all other species, non-residents should refer to the catch and possession limits shown on the Division/Species Tables and the Exceptions to the General Regulations.

All non-residents of Canada need to be aware of the following:

- the catch and possession limits for walleye, sauger and lake trout (see page 79) affect all non-residents of Canada regardless of whether you are staying overnight in Canada or not;
- non-residents of Canada require an Ontario Non-Resident Sport Fishing Licence or an Ontario Non-Resident Conservation Fishing Licence to fish on the Ontario side of the International Border;

NOTE: Always check the Exceptions to the General Regulations on pages 82 to 90 for additional regulations specific to the water body you are fishing on.

NOTE: Areas outlined in red on the map below (Aulneau and Western Peninsulas) will be included in the International Border Waters regulations in 2005. Please direct any inquiries to the Kenora MNR District Office.

Note: Please also refer to the Exceptions to the General Regulations for the waters you are fishing.

NORTHWESTERN ONTARIO

General Notes

- Non-residents camping on Crown land in Northwestern Ontario, except for the border waters areas, must observe Conservation Licence Limits.
- Div. 34 - you may not possess live lake trout or brook trout.
- A CITES permit is required to export Sturgeon from Canada, see page 6.

Bait and Gear Restrictions

- You may not use or possess live fish for bait in:
 - Div. 24;
 - Certain waters of the territorial districts of Kenora and Thunder Bay. Check with the local MNR office for specific details.
 - Quetta Provincial Park.
- You **may** use and possess live fish for bait in Div. 20, north and south of the 11th Baseline.
- Div. 34 - Lake Nipigon - refer to Exceptions.
- It is illegal to possess live or dead smelt while recreational fishing in Divs. 22, 22A, 24, 30, 31 and 32.

Additional Fishing Opportunities

Aurora Trout: The following lake is open from **August 1 - October 15 in 2004 only.**

- Borealis Lake (Division 33)

Catch and possession limit of one (1) in this lake only. Conservation licence limit of zero (0).

NOTE: Live fish may not be used as bait or possessed for use as bait.

O.F.A.H. Tackle Share Breaks Barriers

O.F.A.H. Tackle Share, the first program of its kind in Canada, provides rods, reels and basic fishing tackle to children and new anglers who may not otherwise be able to fish.

Now in more than 80 communities across Ontario, "loaner sites" are hosted by participating Ontario Provincial Parks, public libraries, Conservation Authorities, and Big Brother and Big Sister groups. Through these locations, children and new anglers can sign out equipment in the same way they would borrow library materials.

Thanks to O.F.A.H. Tackle Share, money or accessibility to fishing gear is no longer a barrier. More children and first time anglers will have the opportunity to experience fishing, and, in turn, understand the importance of conservation.

For a complete listing of Tackle Share loaner sites, visit www.ofah.org.

Exceptions to the General Regulations (Northwestern Ontario)

ALL DATES INCLUSIVE

General Areas of Northwestern Ontario (Map E)	Div	Exceptions
All tributaries to Lake Superior in Div. 21 and Div. 33; except the McIntyre and Neebing Rivers.	21 & 33	Rainbow trout catch and possession limit of one (1), Conservation licence limit of one (1). See Waters of Northwestern Ontario for special regulations for the McIntyre and Neebing Rivers.
Quetico Provincial Park.	32	Live fish may not be used as bait or possessed for use as bait. Non-residents fishing in the border waters area, refer to page 78.
Sydney Lake Area - North Kenora Pilot Project area. Waters within boundaries of Manitoba/Ontario border to south shore of the English River System including Goshawk and Tourist Lakes to Separation Rapids Bridge and South Parkway Road to Leano Lake, south boundary of Woodland Caribou Provincial Park to Manitoba/Ontario border.	22 & 31	Lake trout catch and possession limit of one (1), maximum size of 56 cm (22 in.). Anglers are restricted to conservation licence limits for walleye and sauger, northern pike, muskellunge largemouth and smallmouth bass, brook trout, whitefish and crappie.
Waters within boundaries of Hwy. 17 on the north, west shore of Eagle and Teggaw Lakes on the east, Highwind Lake Road on the south to the junction of Hwys. 17 and 71 including Winnange, Hawk, Dogtooth and Highwind Lakes. Contact the Kenora MNR office for further details.	22	Walleye must be less than 50 cm (19.7 in.) or greater than 65 cm (25.6 in.) and not more than one (1) over 65 cm (25.6 in.) in length. Barbless hooks must be used at all times.

Needing River	21	Rainbow trout catch and possession limit of one (1), minimum length of 69 cm (27.1 in.).
Nelson Lake - from a line between the western shoreline at approximately 50°13'09"N., 93°09'44"W and the eastern shoreline at 50°14'26"N., 93°09'14"W upstream including the north part of Nelson Lake and the creek and Richmond Lake all in the unsurveyed portion of the territorial District of Kenora - Kenora District.	22A	Fish sanctuary - no fishing from Apr. 1 - May 31.
Nipigon Bay of Lake Superior.	23	Walleye and sauger closed all year. Brook trout open from Apr. 24 (last Sat.) - Sept. 6 (Labour Day). Brook trout catch and possession limit of one (1), minimum length 51 cm (20.1 in.).
Nipigon River.	21	Brook trout catch and possession limit of one (1), minimum length of 51 cm (20 in.).
Nipigon River - (Backpool) below the Alexander Dam east of a line drawn south from the Alexander Dam Log Chute to the northern most tip of the point of land on the east shore of the Nipigon River.	21	Fish sanctuary - no fishing from Jan. 1 - May 21 (Fri. before 4th Sat.) & Sept. 7 (Tues. after Labour Day) - Dec. 31.
Nipigon River (Gopen's Pool) (49°01'N., 88°15'W) that part of the Nipigon River lying east of a line drawn north from the eastern shore abutment of Hwy. 1/17 bridges to the western tip of a point of land on the eastern shore of the outflow from Lake Helen.	21	Fish sanctuary - no fishing from Jan. 1 - May 21 (Fri. before 4th Sat.) & Sept. 7 (Tues. after Labour Day) - Dec. 31.
Nipigon River (Pamacheene) (49°05'N., 88°19'W) from the downstream edge of the Pamacheene C.N.R. bridge abutments, upstream approx. 400 m (1,312 ft) to the first narrows.	21	Fish sanctuary - no fishing from Jan. 1 - May 21 (Fri. before 4th Sat.) & Sept. 7 (Tues. after Labour Day) - Dec. 31.
Nipigon River - between Alexander Falls Dam and Nipigon Bay.	21	Walleye and sauger closed all year.
North Mawn Lake (49°36'N., 90°25'W).	21	Fish sanctuary - no fishing from Jan. 1 - May 21 (Fri. before 4th Sat.) & Oct. 1 - Dec. 31.
North Twin Lake.	32	Walleye closed all year.
Northeast Campool Lake.	33	Fish sanctuary - closed all year.
Northwest Mountain Lake (49°59'N., 94°14'W).	22	Muskellunge minimum length of 91 cm (36 in.).
Nugget Creek (Zealand Twp.) - between Hughes Creek and C.P.R. crossing at Wabigoon Lake.	22	Fish sanctuary - no fishing from Apr. 1 - May 31.
Obabikon Lake.	22	See Lake of the Woods.
Olsen Lake (49°40'N., 92°37'W).	22	Muskellunge minimum length of 137 cm (54 in.).
Onaman Lake (50°00'N., 87°26'W)	33	Fish sanctuary - no fishing from Mar. 1 - May 31.
Opamiskian Lake	24	Catch and release - for all species, no fish may be kept.
Opichuan Lake.	20	Lake trout - not more than one (1) greater than 56 cm (22 in.) in length.
Ord River - from 50°15'22"N., 93°01'40"W. upstream to the top of first set of rapids at 50°12'55"N., 93°01'08"W. - Kenora District.	22A	Fish sanctuary - no fishing from Apr. 1 - May 31. Other divisions seasons applicable.
O'Sullivan Lake.	20	Lake trout - not more than one (1) greater than 56 cm (22 in.) in length.
Pakwash Lake - Fisherman's Bay	31	Fish sanctuary - no fishing from Apr. 15 - May 31.
Para Lake - Fairlie Twp.	31	Fish sanctuary - closed all year.
Parker Creek (Fairlie Twp.) - from the Parker Lake to Red Lake, including an unnamed bay.	31	Fish sanctuary - no fishing from Apr. 15 - May 31.
Partridge Crop Lake.	22	Walleye and sauger catch and possession limit of four (4), walleye not more than one (1) over 70 cm (27.5 in.), none under 35 cm (13.8 in.) or between 45 - 70 cm (17.7 - 27.5 in.) in length. Muskellunge minimum length of 122 cm (48 in.).
Partridge Lake (48°32'N., 90°34'W).	21	Fish sanctuary - no fishing from Jan. 1 - May 21 (Fri. before 4th Sat.) & Oct. 1 - Dec. 31.

Waters of Northwestern Ontario (Map E)	Div.	Exceptions
Passover Creek - between the southern end of Meridian Bay of Eagle Lake (49°42'N, 93°13'W) and Chancellor Lake.	22	Fish sanctuary - no fishing from Apr. 1 - May 31.
Paulson Lake (49°37'N, 92°37'W).	22	Muskelunge minimum length of 137 cm (54 in.).
Pelican Lake.	22 & 31	See Minnitiaki Lake.
Perrault Falls and Wabasing Lake Town of Perrault Falls, between Hwy. 105 bridge and a point 500 m (1,640 ft) northeast of the bridge.	22A	Fish sanctuary - no fishing from Apr. 1 - May 31.
Perrault Lake (50°17'N, 93°08'W).	22A	Muskelunge minimum length of 137 cm (54 in.).
Pine River - near Gunflint Lake.	21	Fish sanctuary - no fishing from Apr. 1 - May 31.
Pine Road Area - Experimental Lakes Area - a number of lakes in the southwestern corner of Dryden District known locally as the Pine Road Area.	22	See Experimental Lakes Area.
Pipestone Lake - Pipestone Chain (49°05'N, 93°35'W).	22	Muskelunge minimum length of 122 cm (48 in.).
Pistol Lake (50°00'N, 94°43'W).	22	See Winnipeg River System.
Pocket Lake - Glen Twp.	21	No brook trout size restrictions.
Polly Lake.	33	Walleye and sauger closed all year. Brook trout catch and possession limit one (1); minimum length of 51 cm (20 in.).
Post Creek - from the base of the waterfall in Post Bay to latitude 49°55'36" on Sturgeon Lake.	22	Walleye open from Jan. 1 - Apr. 14 & June 15 - Dec. 31.
Puzzle Bay of Ord Lake south of the narrows at latitude 50°08'18"N.	22A	Fish sanctuary - no fishing from Apr. 1 - May 31.
Quill Lake - Pipestone Chain (49°01'N, 93°43'W).	22	Muskelunge minimum length of 122 cm (48 in.).
Rainy Lake	22	Muskelunge minimum length of 122 cm (48 in.). Walleye and sauger catch and possession limit of four (4), walleye not more than one (1) over 70 cm (27.5 in.), none under 35 cm (13.8 in.) or between 45 - 70 cm (17.7 - 27.5 in.) in length.
<ul style="list-style-type: none"> - Big Canoe River, - Crooked Narrows to Sand Island Falls of Redgut Bay, - Falls River and Pipestone River from Stokes Bay of Rainy Lake upstream to first rapids, - Halfway Inlet and Lost Bay, - Little Canoe River, - Porter Inlet of Redgut Bay, - Rat River Bay from the narrows and small island at the entrance to Rat River Bay, upstream to, and including the first rapids of both the West Branch Rat River and the East Branch Rat River, - Squirrel Falls between Namakan Lake and Rainy Lake, downstream for 250 m (820 ft) on the north shore and 200 m (656 ft) on the south shore from the Canadian Kettle Falls dam, Stanjorking Bay. UNDERUTILIZED FISH IN ONTARIO

Many people do not realize the diversity of fish found in the province of Ontario. There are several fish species that are not normally sought by anglers that are of fine eating quality and provide excellent sporting qualities when angled. Species of fish such as **carp, bullhead and catfish, rock bass, burbot, white sucker and freshwater drum** are often referred to as "underutilized" by fisheries managers. This means that these species are not normally harvested by anglers despite the fact that sizeable populations exist in many waters. In many instances it would be desirable to initiate some level of harvest for these species in order to divert pressure away from other more highly sought-after species, maintain balanced fish communities, and provide additional angling opportunities.

Many of these species are readily available to shoreline anglers and are easily caught. Anglers are encouraged to give some of these species a try the next time they go fishing. You could be pleasantly surprised.

Interesting Fish Facts

from the
Ministry of
Natural Resources

- The American eel has the most acute sense of smell of all freshwater fish.
- The largest Chinook salmon angled in Canadian waters of the Great Lakes weighed over 46 pounds (21 kilograms)
- The diet of muskellunge is known to include fish, frogs, muskrats, mice, shrews and waterfowl.
- Burbot (ling) spawn at night in a writhing ball of 10-12 intertwined and constantly moving individuals.
- Aurora trout, a color variant of the brook trout, are only found in several small lakes in northeastern Ontario.
- In 2000, it is estimated that anglers caught over 107 million fish in Ontario waters!

- Freshwater drum have small rounded teeth especially adapted for crushing mollusc shells.
- Large male smallmouth bass nest earlier than smaller male bass. They are also better at guarding their nest and their offspring have better overwinter survival.
- In Ontario, 33 species of freshwater fish are designated as either extinct, endangered, threatened or of special concern.
- Brown trout were first introduced into Ontario in 1913. Their native range included Europe and western Asia.
- Lake sturgeon are Ontario's longest-lived fish. Several sturgeon are known to have exceeded 100 years of age.
- There are over 2,100 brook trout lakes in Ontario and at least 1,600 streams and rivers containing wild brook trout populations.
- Bullheads and catfish have a highly developed sense of "taste" due to sensory cells concentrated on their barbels.

Ministry of Natural Resources Offices

If you are not sure whether you can fish at a certain time and place, or if you have any questions about the regulations, contact:

- the MNR office nearest to where you plan to fish,

For general inquiries about MNR programs and services contact;

- the Natural Resources Information Centre
1-800-667-1940 [English and french]

OR

- MNR by E-mail at: mnr.nric@mnr.gov.on.ca

The following list of MNR offices includes the fisheries divisions for which each office is responsible.

NOTE: more than one MNR office may share responsibility for a division.

Fish Identification

Here are the types of fish that anglers are likely to catch in Ontario's lakes and streams. Information is provided on the following:

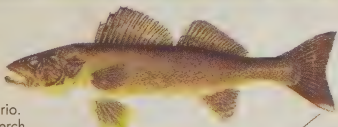

- L:** length.
- D:** distribution/habitat.
- S:** similar fish.
- K:** key identifying characteristics that separate them from those similar fish.

The Ontario record for many of these species can be found on pg. 35.

The fish illustrations were drawn by Rebecca Brebner, with the exception of the muskellunge and the sturgeon, which were drawn by Andreas Radman of the Ontario Ministry of Environment, the bluegill which was drawn by Curtis Atwater, the Great Lakes phase of the rainbow and brown trout which were drawn by Virgil Beck and provided by the Wisconsin Department of Natural Resources. These illustrations were redrawn based on original fish illustrations from two publications: Bulletin 184, Fisheries Research Board of Canada—"Freshwater Fishes of Canada" by Scott and Crossman, and "Fish of Ontario" (poster) distributed by the Ministry of Natural Resources.

Walleye

- L:** 25 - 85 cm (10 - 33 in.).
- D:** lakes and rivers throughout most of Ontario.
- S:** sauger, yellow perch.
- K:** white tip on lower tail fin; no distinct blotches or bands on adults.

Favorite Baits: spinners, jigs, crank baits, worms, minnows, leeches.

Sauger

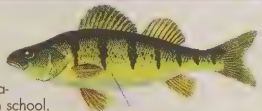

- L:** 25 - 41 cm (10 - 16 in.).
- D:** large, shallow, turbid waters throughout Ontario.
- S:** walleye, yellow perch.
- K:** lacks white tip on lower tail fin; distinct blotches or bands on adults; spots on dorsal fin.

Favorite Baits: same as walleye

Yellow Perch

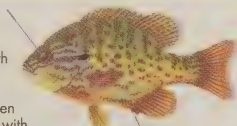

- L:** 15 - 30 cm (6 - 12 in.).
- D:** clear waters with some vegetation throughout Ontario.
- S:** walleye, sauger, white perch.
- K:** 6 to 8 dark, vertical bands on sides, alternating with light yellow to yellow-green.

Favorite Baits: small jigs, small spoons, small minnows, worms

Pumpkinseed

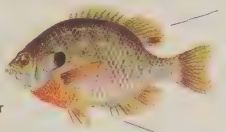

- L:** 18 - 23 cm (7 - 9 in.).
- D:** clear, shallow, weedy waters north to Temagami.
- S:** rock bass, bluegill.
- K:** 3 anal fin spines; wavy, blue-green stripes on sides of head; ear flap with orange or red spot.

Favorite Baits: small jigs, worms

Bluegill

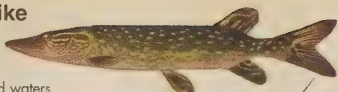

- L:** 15 - 30 cm (6 - 12 in.).
- D:** warm, vegetated, still waters throughout southern Ontario.
- S:** rock bass, pumpkinseed.
- K:** 3 anal fin spines; black spot at rear end of dorsal fin; ear flap black.

Favorite Baits: small jigs, worms, flies

Northern Pike

- L:** 45 - 100 cm (18 - 39 in.).
- D:** quiet, vegetated waters throughout Ontario.
- S:** muskellunge.
- K:** light yellowish spots on dark green background; tips of tail fin more rounded than muskellunge; see also head close-up below.

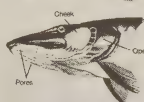

Favorite Baits: spoons, large spinners, large crank baits, minnows

Northern Pike

Cheek fully scaled, upper half of opercle only scaled, 10 pores on undersides of lower jaw.

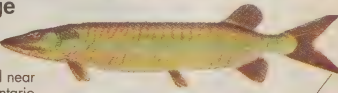

Muskellunge

Cheek and opercle both scaled only on upper half, 12-18 pores on undersides of lower jaw.

Muskellunge

- L:** 71 - 137 cm (28 - 54 in.).
- D:** discontinuous in southern and near northeastern Ontario, and the Lake of the Woods/Rainy River area.
- S:** northern pike.
- K:** dark vertical bands on light background, at times spotted or clear; tips of tail fin more pointed than northern pike; see also head close-up above.

Favorite Baits: large backtail spinners, large body baits, muskellunge

Smallmouth Bass

- L:** 25 - 50 cm (10 - 20 in.).
- D:** clear, rocky waters with little vegetation from southern Ontario to Timiskaming and northwestern Ontario.
- S:** largemouth bass.
- K:** upper jaw does not extend beyond eye; shallow notch between dorsal fins; body often with dark, broken bars.

Favorite Baits: spinnerbaits, crank baits, minnows, crayfish

Largemouth Bass

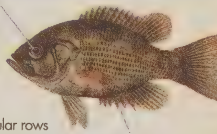

- L:** 25 - 55 cm (10 - 22 in.).
- D:** warm, weedy, slow or still waters throughout in southern Ontario.
- S:** smallmouth bass, rock bass.
- K:** upper jaw extends beyond eye; deep notch between dorsal fins; body often with a broken horizontal stripe.

Favorite Baits: spinnerbaits, crank baits, plastic worms, minnows, frogs

Rock Bass

- L:** 15 - 20 cm (6 - 8 in.).
- D:** warm, slow or still shallows with rocky bottoms, northward to Lake Abitibi.
- S:** pumpkinseed, bluegill.
- K:** large, red eye; six anal fin spines; regular rows of spots on the side in adults.

White Sucker

- L:** 30 - 50 cm (12 - 20 in.).
- D:** warm, shallow lakes and tributary rivers across Ontario.
- S:** other suckers (e.g. redborse).
- K:** torpedo-shaped; round in cross-section; scales smaller than redborse sucker.

Salmon and Trout Identification

The following features are useful in identifying salmon and trout:

Chinook Salmon

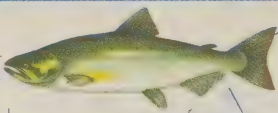

L: 30 - 100 cm (12 - 39 in.).

D: found in all Great Lakes and some tributaries.

S: coho, Atlantic and pink salmon, rainbow trout (steelhead), brown trout.

K: black mouth and black gums; tail entirely spotted; leading ray on anal fin extends 1/3 the length of the fin; short, narrow caudal peduncle.

Favorite Baits: spoons, wobbling plugs, dodger and flies

Coho Salmon

L: 30 - 75 cm (12 - 30 in.).

D: found in all Great Lakes and some tributaries.

S: chinook, Atlantic and pink salmon, rainbow trout (steelhead), brown trout.

K: dark mouth and light grey gums; tail spotted on upper lobe only; leading ray on anal fin extends 1/2 - 2/3 the length of the fin; short, narrow caudal peduncle.

Favorite Baits: spoons, dodger and flies

Atlantic Salmon

L: 25 - 70 cm (10 - 28 in.).

D: reintroduced to Lake Ontario; occasionally in upper Great Lakes and some tributaries, and Trout Lake near North Bay.

S: chinook, coho and pink salmon, rainbow trout (steelhead), brown trout.

K: white mouth and gums; few large, black spots on gill cover; no spots on tail; leading ray on anal fin extends the length of the fin; long, narrow caudal peduncle; dark-coloured pectoral fins.

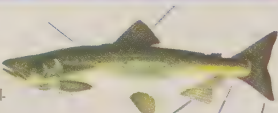

Pink Salmon

L: to 46 cm (18 in.).

D: found in all Great Lakes.

S: chinook, coho and Atlantic salmon, rainbow trout (steelhead), lake trout.

K: large black spots on back and tail fin, but not on dorsal fin; forked tail; leading ray on anal fin extends 1/3 - 1/2 the length of the fin; narrow caudal peduncle.

Lake Trout

L: 30 - 80 cm (12 - 31 in.).

D: cold waters of deep lakes throughout much of Ontario.

S: brook trout.

K: light wormlike markings and spots on dark background, none red; deeply forked tail; white leading edge on lower fins, but no black line.

Favorite Baits: spoons, jigs, crank baits, lake trolls

Channel Catfish

L: 30 - 53 cm (14 - 21 in.).

D: Great Lakes and larger lakes and rivers south of the French River and from Lake Nipigon west.

S: brown bullhead.

K: deeply forked tail.

Rainbow Trout/Great Lakes (Steelhead)

L: 35 - 60 cm (14 - 24 in.).

D: found in all Great Lakes and many tributaries.

S: chinook, coho, pink and Atlantic salmon; brown trout.

K: white mouth and gums; body silver with dark spots; spots all over tail in radiating rows; leading anal fin ray extends the length of the fin; long, stocky caudal peduncle.

Rainbow Trout/Inland

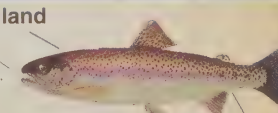

L: 15 - 40 cm (6 - 16 in.).

D: south of a line from Kenora to Kesagami Lake.

S: brook and brown trout; juvenile Atlantic salmon.

K: many small black spots on body; spots over tail in radiating rows; pink lateral stripe; leading anal fin ray extends the length of the fin; long, stocky caudal peduncle.

Favorite Baits: spinners, spoons, roe, worms, flies

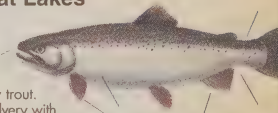

Brown Trout/Great Lakes

L: 35 - 60 cm (14 - 24 in.).

D: found in all Great Lakes and some tributaries.

S: chinook, coho, pink and Atlantic salmon; rainbow trout.

K: white mouth and gums; silvery with dark spots on body; only occasional vague spots on tail; only salmon or trout with orange on adipose fin; leading anal fin ray extends the length of the fin; short, stocky caudal peduncle; light-coloured pectoral fins.

Brown Trout/Inland

L: 20 - 40 cm (8 - 16 in.).

D: occasional south of the French River, mostly in Great Lakes tributaries.

S: rainbow and brook trout; juvenile Atlantic salmon.

K: large black, blue or red spots on body, often surrounded by lighter ring; tail with few spots; only salmon or trout with orange on adipose fin; leading anal fin ray extends the length of the fin; short, stocky caudal peduncle.

Favorite Baits: spinners, spoons, worms, flies

Brook Trout

L: 15 - 40 cm (6 - 16 in.).

D: cold, clear streams, small lakes, Lake Superior.

S: lake trout.

K: light wormlike markings and spots on dark background, some red and blue; square tail; white leading edge on lower fins, set off by black line.

Favorite Baits: spinners, spoons, worms, flies

Brown Bullhead

L: 20 - 36 cm (8 - 14 in.).

D: warmer, slow waters throughout southern Ontario and generally south of highways 11 & 17 in the north.

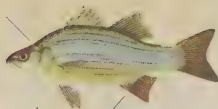

S: channel catfish.

K: square tail.

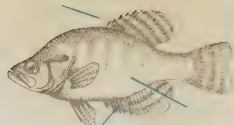

White Bass

- L:** 20 - 30 cm (8 - 12 in.).
D: clear water near rock reefs and sand bars in lower Great Lakes area.
S: white perch.
K: dark spots in horizontal lines, often faint and irregular; second anal spine distinctly shorter than third.

**White Crappie**

- L:** 20 - 30 cm (8 - 12 in.).
D: mouths of tributary streams or weedy, sheltered bays in lower Great Lakes area.
S: black crappie.
K: six dorsal fin spines; 6 or 7 anal fin spines; sides with faint bars.

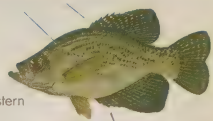

Favorite Baits: small jigs, small minnows, worms

White Perch

- L:** 15 - 25 cm (6 - 10 in.).
D: Lakes Ontario and Erie, lower Niagara River and Welland Canal.
S: white bass, yellow perch.
K: colour variable, but spots or stripes not obvious; second and third anal spine roughly equal in length.

**Black Crappie**

- L:** 18 - 25 cm (7 - 10 in.).
D: clear, weedy lakes and slow rivers primarily Great Lakes, south central near northeast and parts of northwestern Ontario.
S: white crappie.
K: 7-8 dorsal fin spines; 6 or 7 anal fin spines; irregular mosaic of distinct black blotches.

Favorite Baits: small jigs, small minnows, worms

Lake Whitefish

- L:** 30 - 65 cm (12 - 26 in.).
D: Great Lakes and deep, cold, inland lakes across Ontario.
S: cisco, round whitefish.
K: mouth overhanging by snout (see below); body oval in cross-section.

Favorite Baits: small jigs, small spoons, small minnows

Profiles of whitefish and herring showing differences due to position of snout or upper jaw.

Lake Whitefish

- A:** The mouth is overhanging by the snout or upper jaw; rounded profile.

**Cisco (Lake Herring)**

- B:** The mouth is not overhanging by the snout; pointed profile.

**Cisco**

- L:** 20 - 30 cm (8 - 12 in.).
D: cold waters from Great Lakes to Hudson Bay
S: lake and round whitefish, rainbow smelt
K: mouth not overhanging by snout (see above); mouth ends before middle of eye.

**Rainbow Smelt**

- L:** 15 - 25 cm (6 - 10 in.).
D: throughout Great Lakes area, including some inland lakes.
S: cisco.
K: mouth extends beyond centre of the eye; tongue with prominent teeth.

**Carp**

- L:** 30 - 75 cm (12 - 30 in.).
D: shallow, warm waters, primarily in southern Ontario.
S: freshwater drum.
K: "whiskers" beside mouth; one dorsal spine.

Favorite Baits: dough, corn, worms, prepared carp bait

Freshwater Drum

- L:** 45 - 50 cm (18 - 20 in.).
D: large, shallow waterbodies with mud or sandy bottoms, mostly in lower Great Lakes.
S: carp.
K: no "whiskers"; 8-9 dorsal spines.

**Goldeye**

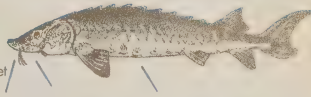

- L:** 25 - 38 cm (10 - 15 in.).
D: parts of northeastern and northwestern Ontario, often in swift, silty waters.
S: mooneye.
K: iris of eye large and bright golden, forward scales with golden luster.

**Mooneye**

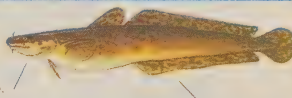

- L:** 25 - 30 cm (10 - 12 in.).
D: clear rivers and shallow lake waters, southern as well as parts of northeastern and northwestern Ontario.
S: goldeye.
K: iris of eye large and golden, but not as bright as goldeye; scales silvery.

**Sturgeon**

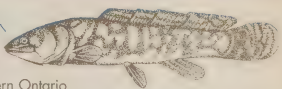

- L:** 90 - 145 cm (3 - 5 ft.).
D: larger rivers and lakes, usually less than 30 feet deep.
S: none.
K: underslung mouth; whiskers; bony plates on sides.

**Burbot (Ling)**

- L:** to 38 cm (15 in.).
D: cool waters of lakes and rivers throughout Ontario.
S: bowfin.
K: single "whisker" on tip of chin; long, thin anal fin.

**Bowfin**

- L:** 46 - 61 cm (18 - 24 in.).
D: swampy, vegetated bays of warm lakes and rivers, primarily in southern Ontario.
S: burbot.
K: no "whiskers"; anal fin short but deep.

RECOMMENDED LURES FOR ONTARIO'S GAMEFISH

by **LUCKY STRIKE.**

LUCKY STRIKE., an Ontario fishing tackle manufacturer for 75 years, is proud to recommend our best selection in lures for some of Ontario's most popular game fish.

SMALLMOUTH BASS

Commonly referred to as smallies or bronzebacks the Smallmouth Bass are a thrill to catch because of their fierce fighting qualities.

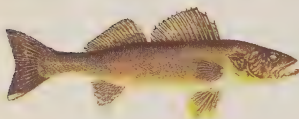

Main Diet: crayfish, frogs, insects and fish eggs

RECOMMENDED LURES:

Crankbaits, worm harness and spinnerbaits

WALLEYE

One of the best tasting catches in Ontario, Walleye get their name from their large glassy eyes which are very sensitive to sunlight. Dusk and dawn are ideal times for catching this favourite.

Main Diet: a wide variety of other fishes, especially perch.

RECOMMENDED LURES:

Lead-free jigs with grubtail or minnow and spinners

June Bug Spinner

LAKE TROUT

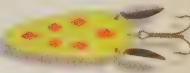

Lake Trout are found in deep water where they can retreat to cooler depths in the summer. Temperatures around the 10°C/50°F mark are preferred by this prized catch.

Main Diet: insects, opossum shrimp, herring and smaller trout

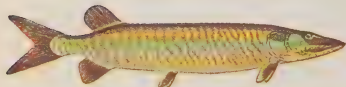

RECOMMENDED LURES:

Trolling spoons with a wide range of colours

Warden's Worry

MUSKELLUNGE

An Ontario favourite due to the Musky's fierce darting attack and because of their large size.

The Canadian angling record from Blackstone Harbour, Georgian Bay, Ontario is 29.48 Kg, or 64.99 lbs.

Main Diet: other fish, frogs, small mammals and waterfowl

RECOMMENDED LURES:

Large plugs, bucktail spinners, spoons and spinner baits

Ol' Wooden Musky Plug

Catch Fishing

NATIONAL FISHING WEEK — JULY 3-11, 2004

Lucky Strike presently manufactures close to 2,000 different tackle items and landing nets. If you want to purchase any of the above favourites check with your local tackle retailer or contact Lucky Strike at 1-705-743-3849 or www.luckystrikebaitworks.com for more information.

Help Conserve Your Fishing Future and get a FREE Fish Poster!

TWO
great
ways
to
get
TWO
great
posters

1. **MAKE A DONATION:** For \$20, you get your choice of ONE of two great fish posters.
For \$30, you get **BOTH**.

With every donation, we provide a tax receipt for the portion that exceeds the \$10 value of the poster. Tax receipts will be issued in February 2005.

OR

2. **BECOME A NEW or RENEWING** MEMBER:** Sign up today and get **BOTH** posters **FREE**. PLUS, your membership gives you access to great information on how and where to fish through your free subscription to Ontario OUT OF DOORS magazine. PLUS, you get \$2 million in free members' public liability insurance and \$2,000 free members' accidental death and dismemberment insurance. It's the best way to support your love of the outdoors and get in on some great deals. (**Existing individual or family members can add a year to their membership and still get the fish posters.)

IT'S YOUR CHOICE -- ORDER TODAY AND GET ONE OR BOTH FISH POSTERS

CONSERVATION PLEDGE

I give my pledge, as a Canadian, to care and faithfully defend from waste the natural resources of my country - its soils and minerals, its air, water, forests, and wildlife.

I, the undersigned, being in full accord with the Conservation Pledge of the O.F.A.H. and agreeing to subscribe to the aims and objects as stated in the Federation's Constitution, do hereby apply for membership. I agree to abide by and with the O.F.A.H. philosophies of maintaining and enhancing fish and wildlife populations and habitats on a local, regional and provinces wide basis for the equal opportunity and optimum benefit of all the people of Ontario. I further recognize the need for sound conservation practices with respect to natural resource management and usage.

Planning to do work IN or AROUND WATER?

Let's work
together
to protect
and conserve
fish habitat.

Talk to your local
Conservation Authority,
Ministry of Natural Resources,
Parks Canada Agency or
Fisheries and Oceans Canada
office about permitting and
approval requirements.

Get hooked on habitat

Envy him?

He's looking at a lifetime of fishing, because someone is taking the time to teach him how. You can give that gift to someone this July, during the Ontario Family Fishing Weekend and National Fishing Week.

They'll always remember, and you won't forget.

ONTARIO FAMILY FISHING WEEKEND

JULY 9-11, 2004

- Licence-free fishing for Canadian Residents – this weekend only!
- If you have no licence, you must abide by Conservation Licence Limits.
- Look for local Weekend Events.
- Anglers: Take a friend fishing! Sponsor an event!

NATIONAL FISHING WEEK

JULY 3-11, 2004

- A celebration of recreational fishing across Canada.
- Look for special fishing events in your area!
- Visit your local tackle retailer for special NFW discounts.
- Take a kid fishing...it takes one to make one!
- Fishing licence required except during the OFFW.

Genmar FirstMate® ensures that every day on the water is a good day with 24-hour live assistance that can get you a tow, weather information, or insights on local boating and fishing.

It's all in the boat.

Now's the time for everyone in the family to get into a new 2004 Lund boat and see all that you've been missing. You'll all love Lund comfort and security, and our big, spacious designs let you stretch out and enjoy the water like never before. Of course, no other boat fishes like a Lund and – with our revolutionary IPS™ 2 or IPS™ hull – you'll enjoy a ride that's faster, higher, softer, and drier. From bigwater powerhouses like the Lund Tyee™ to our new family of Explorers, there's a Lund boat just perfect for bringing your family together. For the Lund/Yamaha dealer nearest you, call 204-326-4431 or visit our website at www.lundboats.com
